PLAINVIEW CAMPUS

ANNUAL SECURITY AND FIRE SAFETY REPORT 2018

(Academic Year 2018-2019 includes Crime Statistics for 2015-2017)

Wayland Baptist University Police Department (WBUPD)

Wayland Baptist University (WBU) police officers are certified Texas Peace Officers having arrest powers and the authority to enforce Federal, State and Local laws and campus policies.

The officers technically have statewide jurisdiction to enforce local, state and federal laws in counties where WBU has property. However, WBU generally limits officers to patrolling and responding to calls for service on property that is owned or controlled by WBU, unless there is an emergency that warrants WBU officers to assist or to provide back-up to the local/state law enforcement agencies.

The Wayland Baptist University Police Department (WBUPD) officers are on duty from 7am to 7pm seven days a week. The WBUPD employs local off-duty peace officers to patrol the campus and they generally work in the evening and early morning hours, seven days a week. The WBUPD works in conjunction with the Plainview Police Department (PPD) and is dispatched through the PPD. The WBUPD patrols, responds to calls and handles all investigations of criminal offenses on the WBU campus. The WBUPD does not provide law-enforcement services to off-campus residences or meeting sites of recognized University organizations unless specifically requested.

The WBUPD has excellent relationships and periodically works and trains with other local police agencies and has Mutual Assistance Agreements with the City of Plainview Police Department and the Hale County Sheriff's Department to facilitate cooperation in the investigation of criminal activity and enforcement of the laws of Texas. The agreement also addresses agencies assisting WBU by providing additional law enforcement officers and resources to protect the health, life and property of the residents, personnel and visitors of the university, when necessary.

Monitoring Activity at Noncampus Locations

Criminal activities at off-campus and noncampus properties that are owned or controlled by officially recognized student organizations are monitored, recorded and investigated by the police agency with jurisdiction in the location of the facility. WBU does not request that local/state law enforcement agencies monitor activities at these locations, the agencies do this in the normal course of business if a location is in their jurisdiction. If local/state law enforcement agency is called by a citizen to respond to one of these locations, the agency may notify the WBUPD to proceed with them or they may notify the WBUPD after they have responded to inform the WBUPD of the action. However, local/state agencies do this out of

courtesy and are not “required” to notify or involve the WBUPD when they respond to a call involving private property.

Reporting Procedures

Members of Wayland Baptist University are encouraged to report crimes or emergencies occurring on campus; in/on property owned and controlled by WBU; and crimes on public property running through or immediately adjacent to the campus to the Wayland Baptist University Police Department (WBUPD). Crimes occurring in other locations should be reported to the local police department with jurisdiction at the location of the crime. If the correct local police department is unknown, dial 911, as the city/county dispatchers will connect you with the appropriate law enforcement agency.

To contact the university police department during normal business hours dial 3490 as a campus extension or dial 806-291-3490 for the office phone. If that number is not answered, dial 806-774-4225 to reach a member of the WBUPD directly. Police Dispatchers are available 24 hours a day to answer your calls by dialing 911 or 806-296-1182.

If the local or state police agency provides WBU with information about a crime, each Clery reportable crime, whether or not a formal police report is filed or an investigation ensues, is reflected in a crime statistics chart in the University's Annual Security and Fire Safety Report (ASFSR).

This annual report includes statistics on reported crimes, arrests and referrals for violations that occur on campus, in residential facilities, on non-campus University property and on public property contiguous to campus boundaries that are reported to Campus Security Authorities, local and state police agencies and crimes reported directly to the WBUPD. All reported violations that have taken place in these designated areas during the previous three calendar years, whether or not the crime involved a WBU student, faculty, or staff member, are reflected in the ASFSR. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported.

WBU submits the annual crime statistics published in the ASFSR to the Department of Education (ED). The statistical information gathered by the Department of Education is available to the public through the ED website.

The ASFSR is made available upon request to prospective students and employees as well as current students, faculty, and staff and all of these parties are notified of the report's availability.

Campus Access and Security

WBU is a private institution but the campus is open and accessible to students, employees and visitors during normal business hours. Some facilities are open in the evenings and on weekends, depending on the schedule of events. Designated building coordinators establish and maintain access to respective buildings. No effort is made to restrain the general public and visitors from entering the campus facilities when they are open. However, the Wayland Baptist University Police Department reserves the right to bar individuals who are considered a threat to the well-being of the University community.

The on-campus community at WBU is comprised of over 600 students residing in six residence halls. Key access or electronic card access is required at hall entrance doors. All hall sleeping rooms require keys for entrance. Guests in all halls are to be escorted as per rules. Residents have card or key access to their hall only. Residents can contact the WBUPD and Residential Living staff members for assistance.

As stated in the Wayland Baptist University Police Department section of this report, the WBUPD officers, and sometimes off duty peace officers hired by WBU, actively patrol the campus property and facilities and respond to calls for service, when dispatched.

Security Considerations Used in the Maintenance of Campus Facilities

WBU maintains campus facilities in a manner that minimizes hazardous and unsafe conditions. The campus is routinely inspected for environmental safety hazards such as insufficient lighting and overgrown shrubbery. Parking lots and pathways are illuminated with lighting. The WBUPD works closely with Facilities Management to address burned out lights promptly as well as malfunctioning door locks or other physical conditions that enhance security. Other members of the University community are helpful when they report equipment problems to the WBUPD or to Facilities Management.

Timely Warning Notices/Crime Alerts

The Wayland Baptist University (WBU) Police Department (UPD) Chief of Police or a designee will develop the contents of a timely warning notice (a.k.a. Crime Alerts) for the University community to notify members of the community about a serious crime that occurred on campus, in noncampus property or public property that is immediately adjacent to the campus, and it is determined that the crime may pose a serious or continuing threat to members of the WBU community. These warnings will be distributed if the crime is reported either to the WBUPD directly or to the WBUPD indirectly through a campus security authority or any local police agency. Crime Alerts will be issued on a case-by-case basis based on the information received by the WBUPD. Information that might compromise law enforcement efforts would not be included in the crime alert.

The department issues/posts Crime Alerts for incidents of:

• Murder/Non-Negligent Manslaughter

• Aggravated assault (cases involving assaults among known parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case by case basis to determine if the individual is believed to be an on-going threat to the larger WBU community)

• Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Crime Alert, but will be assessed on a case by case basis)

• Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the WBUPD. In cases involving sexual assault, they are often

The WBUPD has a responsibility to respond to such incidents to determine if the situation does in fact pose

The larger community, including neighbors, parents and other interested parties can obtain information about emergencies on campus from the university website or through the local/national news.

Pioneer Alert

Students, Faculty and Staff are encouraged to sign up for the campus Pioneer Alert System, which alerts participants by email, pager and/or mobile phone, land line phone, and text of any emergency broadcast message. The campus can sign up for Pioneer Alert on the homepage of the WBU website or at: https://www.wbu.edu/university-police/pioneer-alert.htm

Emergency Preparedness Plan

Wayland Baptist University officials take the safety of the campus community very seriously and are consistently evaluating the Emergency Preparedness Plan to ensure it is timely and effective. The EPP https://www.wbu.edu/university-police/documents/WBUEmergencyPreparednessPlan.pdf addresses both evacuation and shelter-in-place procedures. The University has implemented mass notification systems on campus to ensure campus members are kept informed of any emergencies. The University is involved in emergency management planning on all levels, including city, county and state, to address possible responses to disasters which may occur. Mutual aid agreements and contracts are in place to hasten the University's recovery from any type of emergency.

University Tests (Drills and Exercises)

Emergency response procedures within the plan are tested annually with regular drills to test the Plans' effectiveness.

In conjunction with other emergency agencies, the University conducts emergency response drills and exercises each year, such as table top exercises, functional or full scale exercises, and tests of the emergency notification systems on campus. These tests, which may be announced or unannounced, are designed to assess and evaluate the emergency plans and capabilities of the institution.

Each test is documented and includes a description of the exercise, the date and time of the exercise, and whether it was announced or unannounced.

The campus publicizes a summary of the emergency response and evacuation procedures via email at least once each year in conjunction with a test (exercise and drill) that meets all of the requirements of the Higher Education Opportunity Act.

Emergency Evacuation Procedures

The emergency evacuation procedures are tested at least twice each year. Students and employees learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should

In both cases, UPD staff on the scene will communicate information to students regarding the developing situation or any evacuation status changes.

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of a fire or other emergency. At WBU evacuation drills are used as a way to educate and train occupants on fire safety issues specific to their building. During the drill, occupants 'practice' drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm.

General Evacuation Procedures

At the sound of a fire alarm or if you are instructed to evacuate, leave your work area immediately and proceed to the nearest exit, and leave the building. If you are the first to recognize a fire situation, activate the alarm, evacuate to a safe location using the nearest exit, and notify the WBUPD directly or dial 911.

1. Remain Calm
2. Do NOT use Elevators, Use the Stairs.
3. Assist the physically impaired. If he/she unable to exit without using an elevator, secure a safe location near a stairwell, and immediately inform [CPSA] or the responding Fire Dept. of the individual's location.
4. Proceed to a clear area at least 150 feet from the building. Keep all walkways clear for emergency vehicles.
5.

2. Locate a room to shelter inside. It should be:
   -An interior room;
   -Above ground level; and
   -Without windows or with the least number of windows. If there is a large group of people inside a particular building, several rooms maybe necessary.

Drugs

According to state and federal laws, the possession, distribution, sale, and/or use of illicit drugs or narcotics, or any hallucinatory agent or other substance not prescribed to the person by a licensed provider on University property or property under control of Wayland Baptist University or at any event sponsored by the University or any University student organization, whether or not conducted on University property, including student travel on behalf of the University, is prohibited. This rule applies to all paraphernalia utilized in conjunction with the possession, sale and/or use of the prohibited substances. The WBUPD assumes primary responsibility for enforcing Federal and State drug laws.

High Risk Alcohol Intake

People who consume large amounts of alcohol over a short period of time can reach very high blood alcohol levels before they pass out. This can lead to decreased breathing and death. Vomiting associated with high levels of alcohol may also cause choking and death.
How to Help an Intoxicated Friend:

Do:
• Keep calm and get lots of help. Individuals with high alcohol-blood levels can be unpredictable and violent.
• Speak in a clear, firm, reassuring manner.
• Stay with a person who is vomiting. If the victim/complainant is lying down, turn them on their side, keep the tongue from falling back into the throat and protect them from choking.
• Monitor the person. If they become unconscious (will not wake up or talk to you) or if they appear to have problems breathing, seek medical help immediately. Call 911.

Don't:
• Don't try to walk, run or exercise the person. Don't try to keep them awake.
• Don't force anything orally—food, liquid (coffee, etc.) or drugs—in an attempt to sober them up.
• Don't give the person a cold shower; this can be very dangerous.
• Don't try to restrain the person without lots of sober assistance.
• Don't permit the person to drive.

Health Risks of Alcohol

Health hazards associated with excessive use of alcohol or alcohol dependency include dramatic behavioral changes, retardation of motor skills, and impairment of reasoning and rational thinking. These factors result in a higher incidence of accidents and accidental death for such persons than for nonusers of alcohol. Nutrition also suffers, and vitamin and mineral deficiencies are frequent. Prolonged alcohol abuse causes bleeding from the intestinal tract, damage to nerves and the brain, psychotic behavior, loss of memory and coordination. Damage to the liver often results in cirrhosis. Other risks include impotence, severe inflammation of the pancreas, and damage to the bone marrow, heart, testes, ovaries and muscles. Damage to nerves and organs is usually irreversible.

Students Office. If the incident is reported to the Dean of Students Office, they will immediately notify WBU Police.

Wayland Baptist University has specific procedures regarding missing students. Upon notification from any source that a student may be missing, Wayland personnel will attempt to locate the missing student, and will conduct an investigation, which may include:

procedures. All residents and guests should follow directions during the drills. Failure to evacuate the building may result in disciplinary action, a monetary fine, and possible suspension. See chart below for the number of fire drills held in each facility each year.

Fire Safety Education and Training Programs

Fire safety education programs for all students living in on-campus student housing and all employees that have any association with on-campus student housing are held at the beginning of each semester. These programs are designed to: familiarize everyone with the fire safety system in each housing facility, train everyone on the procedures to be followed in case there is a fire, and distribute information on the University's fire safety policies. During these programs, trainers emphasize that participating in fire drills is mandatory. Students with disabilities are given the option to have a "buddy" assigned to them.

Faculty and staff are provided education on fire safety and information on how to report a fire, or evidence of a fire, to whom, and procedures to be followed for non-residential buildings on campus when a fire alarm signals.

Each WBU building has fire evacuation plans posted in common areas. All employees are encouraged to become familiar with the escape routes for all buildings and floors and the locations of fire extinguishers, hoses and alarms. In the event of a fire or evacuation, every employee should follow the fire safety evacuation route and vacate the premises until the officials in charge declare the premises safe to enter. Exits and areas around fire extinguishers must be kept clear at all times. Periodic fire safety inspections and drills are held to test equipment and procedures.

Procedures Students and Employees Should Follow In Case of a Fire

- If you hear the fire alarm immediately evacuate the building using the nearest available exit. Do not attempt to fight a fire unless you have been trained to do so.
- Awaken any sleeping roommate or suitemates. Prepare to evacuate by putting on shoes and coat if necessary. Feel the doorknob and the door. If they are hot, do not open the door. If they are cool, open slowly, if heat or heavy smoke comes in, close the door immediately and remain inside.
- When leaving your room or office, be sure to take your key in case it is necessary to return to the room should conditions in the corridor deteriorate. Make sure to close the door tightly when evacuating.
- Resident life staff members who are present on their floors should facilitate the evacuation of their floor/section if possible. Supervisors who are present should facilitate the evacuation of their office areas. When the alarm sounds shout (Example: there is an emergency in the building leave by the nearest exit) and knock on doors as they make their way to the nearest exit and out the building.
- When exiting in smoky conditions keep your hand on the wall and crawl to the nearest exit. Always know more than one path out of your location and the number of doors between your room and the exit.
- DO NOT USE ELEVATORS. Elevator shafts may fill with smoke or the power may fail, leaving

you trapped. Elevators have features that recall and deactivate the elevator during an alarm. Standing and waiting for an elevator wastes valuable time.

- Each resident/employee should report to their assigned assembly area. Resident life staff should report to their assigned assembly area and make sure that students have cleared the building. Conduct a head count and do not allow re-entry into the building until directed to do so by emergency personnel.

Reporting a Fire for Inclusion in the Fire Statistics

Per federal law WBU is required to annually disclose statistical data on all fires that occur in on-campus student housing facilities. Therefore, if you encounter a live fire in one of these facilities, you should immediately get to a safe place, then dial 911. Once the emergency has passed, you should notify the WBUPD at 806-291-3490 to investigate and document the incident for disclosure in the University's annual fire statistics.

If a member of the WBU community finds evidence of a fire that has been extinguished, and the person is not sure whether the WBUPD has already responded, the community member should immediately notify the WBUPD at 806-291-3490 to investigate and document the incident for disclosure in the University's annual fire statistics.

Plans for Improvement to Fire Safety

The university does not have any planned improvements in fire safety at this time.

JEANNE CLERY DISCLOSURE OF CAMPUS SECURITY POLICY AND CAMPUS CRIME STATISTICS ACT, AS AMENDED BY THE VIOLENCE AGAINST WOMEN REAUTHORIZATION ACT OF 2013

Wayland Baptist University ("WBU" or the "University") prohibits the offenses of domestic violence, dating violence, sexual assault and stalking (as defined by the Clery Act) and reaffirms its commitment to maintaining a campus environment that emphasizes the dignity and worth of all members of the university community. Toward that end, WBU issues this statement of policy to inform the campus community of our programs to address domestic violence, dating violence, sexual assault and stalking as well as the procedures for institutional disciplinary action in cases of alleged dating violence, domestic violence, sexual assault, or stalking, which will be followed regardless of whether the incident occurs on or off campus when it is reported to a University official.

2. Don't fall for the cliché "if they say no, they really mean yes." If your partner says "no" to sexual contact, believe them and stop. If they seem uncomfortable or uncertain, stop and check in. It is never acceptable to force sexual activity, or to pressure, coerce, or manipulate someone into having sex, no matter the circumstances. The campus has employed an affirmative consent policy. Yes means yes.
3. Don't make assumptions about a person's behavior. Don't assume that someone wants to have sex because of the way they are dressed, they drink (or drink too much), or agree to go to your room. Don't assume that if someone has had sex with you before they are willing to do so again. Also don't assume that if your partner consents to kissing or other sexual activities, they are consenting to all sexual activities. Obtain clear consent for each sexual activity.
4. Be aware that having sex with someone who is mentally or physically incapable of giving consent is rape. If you have sex with someone who is incapacitated due to alcohol or drugs, passed out, or is otherwise incapable of saying no or knowing what is going on around them, you may be guilty of rape.
5. Remember sexual assault is a crime punishable via campus conduct, criminal, and civil proceedings.
6. Be careful in group situations; resist pressure from friends to participate in violent acts.
7. Get involved if you believe that someone is at risk. If you see someone in trouble or someone pressuring another person, don't be afraid to intervene - or get help to do so

Reduce the Risk of being Sexually Assaulted

Anyone can be sexually assaulted, and there are no sure means to prevent sexual assault because the only people who can prevent sexual assault are those who perpetrate it. However, you can take steps to lessen the likelihood that you or your friends will be assaulted or will assault someone.

1. Know where you are going and speak up if you are uncomfortable with the plans.
2. Pay attention to behavior that doesn't seem right. Power stares, someone who grabs or pushes, someone who doesn't listen or disregards what you are saying, someone who blocks your way, or someone sitting or standing uncomfortably close are all clues that you should stay alert
3. Set sexual limits. You don't "owe" anyone sex.

immediately and go to a safe place. If you feel you are being pressured or coerced into sexual activity, you have a right to state your feelings and leave the situation. If you are concerned about the other person becoming angry, it is okay to make up an excuse to leave or create time to get help.

6. Be assertive. Get angry and act immediately with a negative response if things seem out of hand. Stand up for yourself. It's OK to make a scene or be rude if someone is pressuring you.
7. Communicate with your partner: NO MEANS NO; CLEAR verbal or non-verbal CONSENT MEANS YES.
8. Control your environment. Decide whether you want to be in a particular place or not, and don't depend on casual acquaintances for money, shelter, transportation, etc.
9. Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
10. Be aware that some people mistakenly believe drinking, dressing provocatively, or going to your or someone else's room means you are willing to have sex. Be clear up front about your limits in such situations.
11. Try to avoid isolated areas.

intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.

24. If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
25. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
    a. Remember that being in this situation is not your fault. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
    b. Be true to yourself. Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
    c. Have a code word with your friends or family so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.

Procedures Victim/Complainants Should Follow if a Crime of Domestic Violence, Dating Violence, Sexual Assault and Stalking Occurs

After an incident of sexual assault, dating violence or domestic violence, the victim/complainant should consider seeking medical attention as soon as possible at Covenant Hospital Plainview 2601 Dimmit Road (806) 296-4265. As of January 2009, Texas victim/complainants of sexual assault may have a sexual assault forensic exam without reporting it to law enforcement.[3] State law allows you to have the sexual assault forensic exam (SAFE) up to 120 hours (5 days) after the sexual assault. You can report to law enforcement if you chose to. In Texas, you have ten years (statute of limitations on sexual assault) to make the report. Having a sexual assault forensic exam conducted allows you to preserve evidence that will be lost over time while you have time to decide how to proceed.

Wayland Baptist University police officers and Plainview police officers encourage victim/complainants to report the sexual assault even if it is past the statute of limitations. Your case cannot go forward with prosecution, but it is important to document the assault and the perpetrators who commit them (in addition to allowing Wayland to prevent recurrence of similar crimes, if applicable.)

It is important that a victim/complainant of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 120 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victim/complainants do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted infections. Victim/complainants of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to University adjudicators/investigators or police.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the

incident more difficult. If a victim/complainant chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with a police officer in the WBU Police Department or other law enforcement agency to preserve evidence in the event that the victim/complainant decides to report the incident to law enforcement or the University at a later date to assist in proving that the alleged

Assistance for Victim/Complainant: Rights & Options

Regardless of whether a victim/complainant elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, the University will assist victim/complainant of sexual assault, domestic violence, dating violence, and stalking and will provide each victim/complainant with a written explanation of their rights and options. Such written information will include:

- the procedures victim/complainant should follow if a crime of dating violence, domestic violence, sexual assault or stalking has occurred;
- information about how the institution will protect the confidentiality of victim/complainant and other necessary parties;
- a statement that the institution will provide written notification to students and employees about victim/complainant services within the institution and in the community;
- a statement regarding the institution's provisions about options for, available assistance in, and how to request accommodations and protective measures; and
- an explanation of the procedures for institutional disciplinary action

Rights of Victim/Complainant and the Institution's Responsibilities for Orders of Protection, "No Contact" Orders, Restraining Orders, or Similar Lawful Orders Issued by a Criminal, Civil, or Tribal Court or by the Institution

The University has means to prohibited contact between the victim/complainant, accuser and the accused parties and may issue an institutional no contact order when deemed appropriate or at the request of the victim/complainant or accused. If the University receives a report that such an institutional no contact order has been violated, the University will initiate disciplinary proceedings appropriate to the status of the accused (student, employee, etc.) and will impose sanctions if the accused is found responsible for violating the no contact order.

The State of Texas also has legal orders of protections, which may be issued for when certain types of crimes are reported to have occurred. The legal orders are enforced by law enforcement and the courts. The below information is being provided so that victim/complainants understand how to apply for legal court enforced orders of protection in the State of Texas.

What is a Protective Order?

In Texas, a protective order is a civil court order issued to prevent continuing acts of family violence, sexual assault, human trafficking or stalking.

Family violence (sometimes called Domestic Violence) is basically defined as (1) any act by one member of a family or household intended to physically harm another member, (2) a serious threat of physical harm, or (3) the abuse of a child.

Family includes blood relatives or relatives by marriage, former spouses, parents (married or not) of the same child, foster parents and foster children, any member or former member of a household (people living in the same house, related or not, who would include cohabitating dating partners.)

How Can a Protective Order Help?

A protective order may prohibit the offender from:

- committing further acts of family violence, sexual assault, human trafficking or stalking
- harassing or threatening the victim/complainant, either directly or indirectly by communicati[(l assault, hu

1. The name of each applicant (victim/complainant) and the county where each applicant (victim/complainant) resides;
2. the name, address, and county of residence of each individual who has committed family violence the offense against which protection is sought;
3. the relationship between the victim/complainant(s) and the offender;
   a request for one or more protective orders.

The victim/complainant should file for the order as soon after the incident has occurred as possible. Additionally, if other incidents family violence, sexual assault, human trafficking or stalking have occurred, the victim/complainant needs to provide this information to the attorney who files the protective order application.

What Does it Cost?

The applicant (victim/complainant) or an attorney representing the applicant may not be assessed a fee, cost, charge, or expense by a district or county clerk or by a sheriff, constable or other public official or employee in connection with the filing, serving, entering or for any other service including any fees for dismissing, modifying, or withdrawing a protective order, certifying copies, comparing copies to originals, court reporter fees, judicial fund fees, transferring a protective order or for any other service related to a protective order.

The court may require the offender to pay the fees incurred in connection with the protective order unless the offender shows good cause or is indigent.

How Long Does it Take to Receive and How Long Does it Remain in Effect?

Unless a later date is requested by the applicant, a court shall set a hearing date no later than 14 days after the application is filed. If, however, the court finds from the information contained in the application that there is a clear and present danger of family violence, the court may immediately issue a temporary ex parte order. The temporary order is valid for up to 20 days. Final protective orders are effective for 2 years, unless another length of time is specified.

What Happens if the Protective Order is Violated?

Call the police immediately (9-1-1)! Remember, protective orders do not offer complete protection. No piece of paper can protect you from all instances of violence.

Law enforcement agencies are notified of all protective orders issued in their area and they are required to maintain a list of those orders. If an offender violates the order and law enforcement is notified, officials will act to arrest the offender and seek to have charges filed. If a person violates the protective order in the presence of law enforcement, the offender must be arrested immediately. In cases involving the violation of a protective order, including an ex parte order, the offender may be punished for contempt of court by a fine of as much as $500 or up to six months in jail or both. In cases of violation, excluding ex parte orders, the offender may be punished by a fine of as much as $4,000 or jail for up to one year or both.

How can WBU assist me?

Upon receipt of a report of domestic violence, dating violence, sexual assault or stalking, Wayland Baptist University will provide written notification to students and employees information about obtaining resources and services including counseling, health, me

However, honoring a request not to reveal a victim/complainant's name to the accused person, not to conduct an investigation, or not to punish the accused person will limit the university's ability to respond fully to the assault and take any appropriate disciplinary action. There are situations in which the university must override a request for confidentiality in order to meet its obligations under federal law to provide an educational environment which is safe and free from sexual violence. If the person you accuse has been accused before of committing similar acts or if the circumstances indicate that the accused person is likely to harm others, the university may have to investigate your report and take appropriate action to make the campus safe. If an investigation must take place, the information you report will be shared only on a need-to-know basis.

If the university determines that it can keep your report confidential, all reasonable steps will still be taken to respond to your complaint consistent with your request. For example, it may be helpful to make changes to your housing situation, class schedule, etc. By only sharing personally identifiable information with individuals on a need-to-know basis, the institution will maintain as confidential, any accommodations or protective measures provided to the victim/complainant to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures. Any request for confidentiality can be withdrawn at any time, and the university will proceed to investigate your report fully and take appropriate action.

If you want to be assured that your report will be kept confidential, you can report the assault to a therapist, doctor, or attorney who is legally obligated to maintain patient or client confidentiality. If you choose this option, please consider asking your doctor, therapist, or attorney to make a confidential report of the assault without including facts that would reveal your identity. While the university will not be able to take any disciplinary action against the person who assaulted you, university officials will have a better picture of crime on the campus and may be able to warn the campus community about methods or patterns of attacks.

violence, dating violence, sexual assault and stalking and its policies are trained annually on the issues related to domestic violence, dating violence, sexual assault, and stalking as well as how to conduct an investigation and hearing process that protects the safety of the victim/complainant and promotes accountability. Furthermore, the policy provides that:

1. The complainant and the respondent will have timely notice for meetings at which the complainant or respondent, or both, may be present;
2. The complainant, the respondent and appropriate officials will have timely and equal access to any information that will be used during formal and informal disciplinary meeting and hearings;
3. The institutional disciplinary procedures will not be conducted by officials who have a conflict of interest or bias for or against the complainant or the respondent;
4. The complainant and the respondent will have the same opportunities to have others present during any institutional disciplinary proceeding. The complainant and the respondent each have the opportunity to be advised by an advisor of their choice at any stage of the process and to be accompanied by that advisor to any related meeting or proceeding. The University will not limit the choice of advisor or presence for either the complainant or the respondent in any meeting or institutional disciplinary proceeding. However, the role of the advisor is limited to advising their party. The advisor may not ask questions of the investigator nor may they answer questions on behalf of their advisee;
5. The complainant and the respondent will be notified simultaneously, in writing, of the any initial, interim and final decision of any disciplinary proceeding; and
6. Where an appeal is permitted under the applicable policy, the complainant and the respondent will be notified simultaneously in writing, of the procedures for the respondent and the victim/complainant to appeal the result of the institutional disciplinary proceeding. When an appeal is filed, the complainant and the respondent will be notified simultaneously in writing of any change to the result prior to the time that it becomes final as well as of the final result once the appeal is resolved.

Whether or not criminal charges are filed, the university[4] a person may file a complaint under the following policies, depending upon the status of the accused (student or employee):

Types of Proceedings Utilized in Cases of Alleged Domestic Violence, Dating Violence, Sexual Assault and Stalking

The WBU Title IX Policy governs students and employees and additional information regarding the investigation and adjudication process may be accessed online at https://www.wbu.edu/about/title-ix/rights-and-confidentiality.htm. Of note, the intake and investigation of complaints involving students and employee as the respondent are the same. The process bifurcates when it comes to

how the case is resolved. The procedures for the major timeframes of the process are explained below.

1. How to File a Complaint Under this Policy
   The University can receive notice of an allegation of sexual misconduct in numerous ways. A person may visit http://www2.wbu.edu/reportcrimeform/default/TitleIX.aspx and file a report online. A person may also tell any Responsible Employee (faculty member, member of residence staff, a

Eviction entails the following: immediate removal from university housing. Removal from housing due to disciplinary sanction will not relieve in any way the student's responsibility to pay housing charges for the semester in which this sanction is administered.

Community Service
Community Service may be required of a student as a sanction for violating the student conduct policy. Community Service would entail participation in for the designated number of hours for a designated community service organization in Plainview or the surrounding area, or for the university on a designated Wayland campus.

Restitution
Restitution entails reimbursement for the university or other affected parties for damages to property, or for the replacement of lost or stolen articles.

Formal Reprimand
Formal Reprimand entails the following sanctions: a stern warning that any further violation of university rules and regulations during the probationary period could result in disciplinary probation, suspension or expulsion.

Disciplinary Probation
Disciplinary Probation may entail any or all the following sanctions:

1. Restriction from representing the university in any fashion. This sanction includes all public performances or appearances under the auspices of the University.
2. Restriction from any university-sponsored travel.
3. Restriction from holding offices in any university organizations.
4. Restriction from receipt of any university scholarship assistance and/or institutional aid (federal financial aid, state aid, or gifts directly to students from outside entities are not affected by this sanction).

Disciplinary Suspension
Disciplinary Suspension entails the following sanctions:

1. The student will be restricted from enrollment during the period of suspension.
2. Re-enrollment after disciplinary suspension will be contingent upon the approval of the Executive Director of Student Services or the Vice President of Enrollment Management and acceptance through the Admissions Committee process.

Disciplinary Expulsion
Disciplinary Expulsion permanently restricts the student from enrollment in the University.

8. Range of Protective Measures Available to a Victim/Complainant Alleging Misconduct
   There are a range of protective measures that a victim/complainant can request of WBU upon alleging sexual misconduct. This includes no contact directives between the parties, changes in work locations, housing, academic course sections or location, changes to where a person parks, or social restrictions.

University-Initiated Protective Measures

In addition to those protective measures previously described, the Title IX Administrator or their designee will determine whether interim interventions and protective measure should be implemented, and, if so, take steps to implement those protective measures as soon as possible. Examples of interim protective measures include, but are not limited to: a University order of no contact, residence hall relocation, adjustment of course schedules, a leave of absence, or reassignment to a different supervisor or position. These remedies may be applied to one, both, or multiple parties involved.[5] Violations of the Title IX Administrator's directives and/or protective measures will constitute related violations that may lead to additional disciplinary action. Protective measures imposed may be temporary pending the results of an investigation or may become permanent as determined by Wayland Baptist University.

Notification to Victim/Complainants of Crimes of Violence

The University will, upon written request, disclose to the alleged victim/complainant of a crime of violence, or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by such institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim/complainant is deceased as the result of such crime or offense, the next of kin of such victim/complainant shall be treated as the alleged victim/complainant for purposes of this paragraph.

Sex Offender Registration

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State with which the person is employed, carries on a vocation, volunteers services or is a student.

In Texas, convicted sex offenders must register with the Texas Department of Public Safety You can link to this information, which appears on their website, by accessing https://records.txdps.state.tx.us/SexOffenderRegistry

[5] Applicable law requires that, when taking such steps to separate the complainant and the accused, the University must minimize the burden on the complainant and thus should not, as a matter of course, remove the complainant from his or her job, classes or housing while allowing the accused to remain.

Reporting Crimes for Timely Warnings, Reports and the Annual Statistical Disclosure

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the University community obtained from various sources. An annual training and campus-wide e-mail notification is sent from the Chief of Police to notify CSA's of their responsibility to report crimes to UPD and to gather crime information from them. As stated in the Confidential Reporting section above, reports of crimes that are reported confidentially to CSAs are compiled and coordinated through the University Police Department.

If the local or state police agency provides WBU with information about a crime, each Clery reportable crime, whether or not a formal police report is filed or an investigation ensues, is reflected in a crime statistics chart in the University's Annual Security and Fire Safety Report (ASFSR).

This annual report includes statistics on reported crimes, arrests and referrals for violations that occur on campus, on non-campus University property and on public property contiguous to campus boundaries that are reported to Campus Security Authorities, local and state police agencies and crimes reported directly to UPD. All reported violations that have taken place in these designated areas during the previous three calendar years, whether or not the crime involved a WBU student, faculty, or staff member, are reflected in the ASFSR. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported.

WBU submits the annual crime statistics published in the ASFSR to the Department of Education (ED). The statistical information gathered by the Department of Education is available to the public through the ED website.

The ASFSR is made available upon request to prospective students and employees as well as current students, faculty, and staff and all of these persons are notified of the report's availability.

Timely Warning

The Wayland Baptist University Campus Executive Director in conjunction with the (WBU) Police Department (UPD) Chief of Police or a designee will develop the contents of a timely warning notice (called Crime Alerts) for the University community to notify members of the community about a serious crime that occurs on campus, in non-campus property or public property that is immediately adjacent to the campus, where it is determined that the crime may pose a serious or continuing threat to members of the WBU community. These warnings will be distributed if the crime is reported either to UPD directly or to UPD indirectly through a campus security authority or any local police agency. Crime Alerts will be issued on a case-by-case basis based on the information received by UPD. Information that might compromise law enforcement efforts would not be included in the crime alert.

The department issues/posts Crime Alerts for incidents of:

• Aggravated assault (cases involving assaults among known parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case by case basis to determine if the individual is believed to be an on-going threat to the larger WBU community)

• Robbery involving force or violence (cases including pick pocketing and purse snatching will typically

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the University community obtained from various sources. An annual training and campus-wide e-mail notification is sent from the Chief of Police to notify CSA's of their responsibility to report crimes to UPD and to gather crime information from them. As stated in the Confidential Reporting section above, reports of crimes that are reported confidentially to CSAs are compiled and coordinated through the University Police Department.

If the local or state police agency provides WBU with information about a crime, each Clery reportable crime, whether or not a formal police report is filed or an investigation ensues, is reflected in a crime statistics chart in the University's Annual Security and Fire Safety Report (ASFSR).

This annual report includes statistics on reported crimes, arrests and referrals for violations that occur on campus, on non-campus University property and on public property contiguous to campus boundaries that are reported to Campus Security Authorities, local and state police agencies and crimes reported directly to UPD. Campus Access and Security of Campus Facilities

WBU is a private institution but the campus is open and accessible to students, employees and visitors during normal business hours. Some facilities are open in the evenings and on weekends, depending on the schedule of events. No effort is made to restrain the general public and visitors from entering the campus facilities when they are open. However, the University reserves the right to bar individuals who are considered a threat to the well-being of the University community.

Considerations in the Maintenance of Campus Facilities

WBU maintains campus facilities in a manner that minimizes hazardous and unsafe conditions. The campus is routinely inspected for environmental safety hazards such as insufficient lighting and overgrown shrubbery. Parking lots and pathways are illuminated with lighting. Wayland staff work to address burned out lights promptly as well as malfunctioning door locks or other physical conditions that enhance security. Other members of the University

alcohol abuse. All employees are notified of the UWB University System policy and regulation regarding drug and alcohol abuse upon hire and annually thereafter. Students are notified annually through the Campus Security and Fire Safety Report and at Alcohol and Other Drug (AOD) abuse prevention programming each year through departments within Student Affairs. Additional information is also made available through the Wayland Baptist University Student Handbook, the Residential Living Handbook, and the Student Athlete Handbook. The Drug and Alcohol Prevention Policy (DAAPP) is provided in compliance with the Drug Free Schools and Communities Act and the DAAPP can be found at: https://www.wbu.edu/about/disclosures/documents/daapp2017.pdf

Sex Offender Information

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteers services or is a student.

In Texas, convicted sex offenders must register with the Texas Department of Public Safety You can link to this information, which appears on their website, by accessing: https://records.txdps.state.tx.us/SexOffenderRegistry

Non-emergencies may be reported to the Site Coordinator or campus Executive Director.

All Wayland Baptist University (WBU) Campus Security Authorities (CSA) are required to report crimes (violations of federal, state and local laws) to the UPD. All Campus Executive Directors and Site Coordinators are CSAs. These crimes as well as any public safety related incidents or emergencies must be promptly reported by the CSA to the University Police Department (UPD) for appropriate response, investigation or disposition.

Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can be made to any campus security authorities (the primary CSAs as identified in the Reporting and Disclosure Procedures above). However, some of the CSAs are also Responsible Employees under Title IX, and they are obligated to share reported information involving sexual misconduct, domestic/dating violence and stalking, including information about the identity of the victim and accused, with the Title IX Administrator. All reported violations that have taken place in these designated areas during the previous three calendar years, whether or not the crime involved a WBU student, faculty, or staff member, are reflected in the ASFSR. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported.

WBU submits the annual crime statistics published in the ASFSR to the Department of Education (ED). The statistical information gathered by the Department of Education is available to the public through the ED website.

The ASFSR is made available upon request to prospective students and employees as well as current students, faculty, and staff and all of these persons are notified of the report's availability.

• Date and time or timeframe of the incident

• A brief description of the incident

• Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips).

• Suspect description(s) when deemed appropriate and if there is sufficient detail (see below)

• Police/Public Safety agency contact information

• Other information as deemed appropriate by the Chief or his/her designee

The description of subjects in a case will only be included in the alert if there is a sufficient amount of detail to describe the individual. If the only known descriptors are sex and race, that will not be included in the alert.

Crime Alerts are distributed by sending a blast email to the University community, including all students and employees. Typically, the Campus Executive Director in conjunction with the Vice President for Enrollment Management develops the content and approves the distribution of a Crime Alert, but the Chief of Police has the authority to distribute it if the VP is unavailable. The Chief of Police has the authority to develop the contents and to send the email to the WBU community. Periodically, other senior administrators may be involved in assisting the Chief of Police in the development of the contents of a Crime Alert, depending on the circumstances of the crime.

Updates to the WBU community about any particular case resulting in a crime alert also may be distributed electronically via blast email.

Timely Warning Notices will be distributed as soon as pertinent information is available, in a manner that withholds the names of victims as confidential, and with the goal of aiding in the prevention of similar occurrences.

WBU is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor.

The department does not issue Crime Alerts for the above listed crimes if:
1. The department apprehends the subject(s) and the threat of imminent danger to members of the WBU community have been mitigated by the apprehension.
2. If a report was not filed with UPD or if a local police agency was not notified of the crime in a manner that would allow the department to post a “timely” warning for the community. A general guideline will include a report that is filed more than fourteen days after the date of the alleged incident may not allow UPD to post a “timely” warning to the community. This type of situation will be evaluated on a case by case basis.
3. If the threat was mitigated in some other manner.

Emergency Response and Evacuation Procedures (ANCHORAGE - SPECIFIC INFORMATION)

Emergency Preparedness Plan
Anchorage Campus

Wayland Baptist University
OPEID 00366300
PRCN 201740629661
Revised 1-9-2019

The purpose of this notice is to establish a reasonable and effective method of dealing with emergency situations at the WBU-Anchorage Campus. All administrative staff and full-time/adjunct faculty members must be familiar with and adhere to the following procedures:

The procedures below apply to the Parkside Center, located at 7801 E. 32nd Ave., Anchorage.

EMERGENCY EXITS:

In the event of a major earthquake, fire, or other emergency, exits are located on each floor. Maps of these exits are located in every classroom. These exits provide the fastest and most direct access to the parking lot outside. All exits are furnished with emergency lighting in the event of a loss of electricity. In case evacuation is necessary, faculty and staff members should direct students to leave the building in an orderly manner through one of the above exits.

EVACUATION:

There is no single solution for all evacuation scenarios. In case of fire, evacuate the building at the nearest exit away from the fire. Follow published routes displayed throughout the facility. In case of active shooter, evacuate away from the danger, or hold in place with classroom doors locked, and then evacuate when told to do so by authorities. For earthquake, evacuate if possible through the nearest exit--but if not possible, then hold in place by taking shelter under tables or desks or cover. For all emergency evacuation procedures, become very familiar with the location of exits from all floors of the facility. There are a total of 8 emergency exits. Do not use elevators or stairs. If safe, following evacuation assemble in the east parking lot to assess and count people.

POINTS OF CONTACT:

For major emergencies, call 911 for Anchorage Police, Fire, or Ambulance. The Executive Director/Campus Dean, Dr. Eric Ash, can be reached at 907-830-6168 (cell) or 907-375-4515 (office) or 907-770-4543 (home). The Associate Dean, John Jeans, can be reached at 830-0510 (cell) or 854-4811 (home). Mr. Steve Million is the Facility Manager and can be reached at 230-1013 (cell).

CLASS CANCELLATIONS:

In the event that classes are called off because of emergencies such as earthquakes, snowfall, fire, etc., Wayland will notify instructors and students via the following methods:

Instructors by phone from Anchorage Campus staff, if possible.
Instructors and students by the following:

- Messages posted on Blackboard.
- Notices on local radio station (AM 750)
- University telephone emergency voice message system
- University e-mail and text messaging
- Personal phone calls if time and circumstances permit.

CRISIS RESPONSE TEAM:

The Anchorage Crisis Response Team is an officially designated group of Wayland Baptist University – Anchorage employees who will serve as a decision-making and directive-issuing body in emergency situations. The Executive Director/Dean of the Anchorage campus will act with authority to implement a plan for coping with imminent danger, such as an earthquake. In the absence of the Executive Director/Dean, the Associate Dean will act in authority to implement a plan. In the absence of both the

Executive Director/Dean and the Associate Dean, the Facility Manager will act in their capacity. In addition to these three, other designated individuals will act as Campus Security Authorities (CSA): the Parkside site coordinator (Marcia), and two faculty representatives most likely to be involved with students on Wayland trips or programs: Dr. Anderson, and Dr. Rhew. All CSAs are supposed to receive annual training, coordinated by Plainview's chief of campus security. Regardless of when that may happen, CSAs as well as all other Wayland staff and faculty must review this emergency plan annually and report to the campus executive director that they have done so.

GENERAL PROCEDURES:

If at all possible, campus crises should be avoided by following proactive procedures such as fire and earthquake drills and maintaining campus properties for maximum safety. In case of unavoidable emergencies, these same procedures can help prevent or lessen damage from such crises.
The University's first concern is for the safety of students, faculty, and staff. Any other issues (administrative or otherwise) will be resolved in order of importance. Once students, faculty, and staff are secured, property can be secured and damages assessed before cleanup begins.

1) In an emergency situation, all personnel will be notified appropriately via computer, telephone, and/or voice of what actions to take (evacuate the building, remain in offices, seek shelter in the basement, etc).
2) If instructed to remain in the building, all personnel will be notified

In the case of a terrorist threat (bomb threat, active shooter, etc.), the Executive Director/Dean or Crisis Response Team shall make contact with law enforcement immediately and may take other legally-allowable actions necessary to safeguard students, faculty, and staff. Since the student body is made up of a large number of local police officers, and the state of Alaska has a 'legal duty to act' clause for its police officers, these persons will likely be the first consulted in such a situation.
In the case of a major civil emergency (911- type situation), all WBU faculty, staff, and students will follow established emergency plans initiated by local or federal civil authorities.

COMMUNICATIONS:

Decisions made by the Crisis Response Team will be effectively communicated to appropriate internal and external audiences in the most expeditious manner possible. Once immediate communication needs are met, the Office of Communications/Public Relations (806-291-3585) in Plainview, Texas, will be the primary source for information and communications related to a crisis, with help from key personnel from the Anchorage Campus who will ensure a smooth crisis response.
Both the public's legitimate right to know the essential facts and privacy concerns (especially those related to individual rights, personal security and legal liability) must be determined and considered before any public statements are made.

An appropriate spokesperson for the university will be identified and counseled by the Office of Communications. In the absence of that person, the Executive Director/Dean will be the spokesperson. The university may choose not to participate in a discussion it deems non-newsworthy or inappropriate. Efforts will be made to explain the university's position and to be as forthcoming as possible with the facts of the situation, but at no time will a university re

that will be used to notify members of the community immediately upon confirmation of a significant emergency of dangerous situation, such as serious crime-in-progress, a natural disaster, a manmade emergency or other emergency that poses an immediate threat to the health and safety of the WBU community or a segment of the community.

Campus Access and Security of Campus Facilities

WBU is a private institution but the campus is open and accessible to students, employees and visitors during normal business hours. Some facilities are open in the evenings and on weekends, depending on the schedule of events. No effort is made to restrain the general public and visitors from entering the campus facilities when they are open. However, the University reserves the right to bar individuals who are considered a threat to the well-being of the University community.

Considerations in the Maintenance of Campus Facilities

WBU maintains campus facilities in a manner that minimizes hazardous and unsafe conditions. The campus is routinely inspected for environmental safety hazards such as insufficient lighting and overgrown shrubbery. Parking lots and pathways are illuminated with lighting. Wayland staff work to address burned out lights promptly as well as malfunctioning door locks or other physical conditions that enhance security. Other members of the University community are helpful when they report equipment problems to the Campus Executive Director/Site Coordinator.

Monitoring and Recording of Criminal Activity by Students at Non-Campus Locations

The campus does not have student organizations with non-campus locations at this site.

Drug and Alcohol Policies and Enforcement

State and Federal statutes concerning alcoholic beverages and underage drinking will be strictly enforced by local law enforcement on the Wayland Baptist University campus and at off-campus WBU sponsored events. In addition to these statutes, Wayland Baptist University adheres to a high standard of moral conduct which includes prohibition of the use, possession, or distribution of alcohol or illegal drugs by students on university owned or controlled property or in conjunction with any university activity. The university may take action against students for off-campus use, possession or distribution of alcohol or controlled substances if deemed appropriate by university officials

Drugs

According to state and federal laws, the possession, distribution, sale, and/or use of illicit drugs or narcotics, or any hallucinatory agent or other substance not prescribed to the person by a licensed provider on University property or property under control of Wayland Baptist University or at any event sponsored by the University or any University student organization, whether or not conducted on University property, including student travel on behalf of the University, is prohibited. • Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Crime Alert, but will be assessed on a case by case basis)

• Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the UPD). In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a “timely” warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice.

• Major incidents of arson

• Other Clery crimes as determined necessary by the Chief of Police, or his designee in his absence

Crime Alerts may also be posted for other crimes, classifications and locations, even though that is not required by the law, at the sole discretion of WBU.

A timely warning notice will typically include the following, unless issuing any of this information would risk compromising law enforcement efforts:

• Date and time or timeframe of the incident

• A brief description of the incident

• Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips).

• Suspect description(s) when deemed appropriate and if there is sufficient detail (see below)

• Police/Public Safety agency contact information

• Other information as deemed appropriate by the Chief or his/her designee

The description of subjects in a case will only be included in the alert if there is a sufficient amount of detail to describe the individual. If the only known descriptors are sex and race, that will not be included in the alert.

Crime Alerts are distributed by sending a blast email to the University community, including all students and employees. Typically, the Campus Executive Director in conjunction with the Vice President for

WBU is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor.

The department does not issue Crime Alerts for the above listed crimes if:
1. The department apprehends the subject(s) and the threat of imminent harm or danger to members of the WBU community have been mitigated by the apprehension.
2. If a report was not filed with UPD or if a local police agency was not notified of the crime in a manner that would allow the department to post a "timely" warning for the community. A general guideline will include a report that is filed more than fourteen days after the date of the alleged incident may not allow UPD to post a "timely" warning to the community. This type of situation will be evaluated on a case by case basis.
3. If the threat was mitigated in some other manner.

Emergency Response and Evacuation Procedures

In case of an evacuation from 4110 Call Field Road where Wayland Baptist University-Wichita Falls Call Field campus is housed, personnel will exit classrooms and offices and head south toward the front door of the building and proceed to the South parking lot. The Person in Charge will then conduct a head count to ensure all personnel have safely evacuated and report all unaccounted personnel to the closest emergency responder.

Emergency Notifications

The Wayland Baptist University (WBU) Campus Executive Director, Police Department, Vice President of Enrollment Management, the Executive Director of Information Technology and/or the (UPD) Chief of Police or their designee will develop an emergency notification by determining the content of a message that will be used to notify members of the community immediately upon confirmation of a significant emergency of dangerous situation, such as serious crime-in-progress, a natural disaster, a manmade emergency or other emergency that poses an immediate threat to the health and safety of the WBU community or a segment of the community.

If the institution utilizes the procedures regarding notification of the WBU community of an immediate threat, the institution is not obligated to utilize the timely warning notice procedures, however the institution will provide adequate follow-up information as needed.

The types of incidents that may cause an immediate threat to the WBU community could include but are not limited to emergencies such as: natural disaster, severe weather event, an active shooter on campus, hostage/barricade situation, a riot, suspicious package with confirmation of a device, a fire/explosion, suspicious death, structural damage to a WBU owned or controlled facility, biological threat (anthrax, etc.), significant flooding, a gas leak, hazardous materials spill, etc.

The notification will be distributed if the incident is reported either to UPD directly or to UPD indirectly

The Campus Executive Director/Site coordinator, Vice President of Enrollment Management, the Executive Director of Information Technology and/or Chief of Police or their designee has the authority to initiate the notification systems and will determine the appropriate segment(s) of the community that will receive the notification based on the segments of the community that are potentially affected by the emergency. If the entire community could be affected, the notification will be sent to all students and employees.

The Vice President of Enrollment Management, the Executive Director of Information Technology and/or Chief of Police or their designee will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders (including, but not limited to: UPD, Local Police Department, Local Fire Department, and the Department of Public Safety, compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

WBU has various systems in place for communicating information quickly to the WBU community, including:

1. Network emails (Students, Faculty and Staff)

2. Pioneer Alert (text message)

3. Pioneer Alert (mobile phone)

4. Pioneer Alert (land line phone)

5. Pioneer Alert (email)

6. Pioneer Alert (social media)

7. Department of Marketing and Communications (media releases and website notifications)

Sex Offender Information

The federal Campus Sex Crimes Prevention Act, enacted October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteers services or is a student.

Policies for Preparing the Annual Disclosure of Crime Statistics

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the University community obtained from various sources. An annual training and campus-wide e-mail notification is sent from the Chief of Police to notify CSA's of their responsibility to report crimes to UPD and to gather crime information from them. As stated in the Confidential Reporting section above, reports of crimes that are reported confidentially to CSAs are compiled and coordinated through the University Police Department.

Reporting Criminal Actions or Other Emergencies

Members of Wayland Baptist University are encouraged to report crimes or emergencies occurring on campus, in/on property owned and controlled by WBU, as well as crimes on public property running through or immediately adjacent to the campus to the Campus Executive Director at 210-590-5630 or the

Site Coordinator at (210) 826-5689. Always remember, in cases of eminent danger and emergency, you are advised to dial 911 for local police assistance

Crimes occurring in other locations should be reported to the local police department with jurisdiction at the location of the crime. If the correct local police department is unknown, dial 911, and the city/county dispatchers will connect you with the appropriate law enforcement agency.

Students and employees should report any criminal offense for the purpose of making timely warning notices (Crime Alerts) and annual statistical disclosures to the Campus Executive Director or Site Coordinator. You may also make an anonymous report of criminal activity on the Wayland website Silent Witness report form at: https://www.wbu.edu/university-police/silent-witness-crime-report.htm

Although statistical information is requested annually from law enforcement agencies with jurisdiction at the WBU campus/site and other owned and controlled property, Wayland also requests notification of the incident for follow-up and documentation purposes. Non-emergencies may be reported to the Site Coordinator or campus Executive Director.

All Wayland Baptist University (WBU) Campus Security Authorities (CSA) are required to report crimes (violations of federal, state and local laws) to UPD. Campus Executive Directors and Site Coordinators are CSAs. These crimes as well as any public safety related incidents or emergencies must be promptly reported by the CSA to the University Police Department (UPD) for appropriate response, investigation or disposition.

Confidential Reporting

Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can be made to any campus security authorities (the primary CSAs as identified in the Reporting and Disclosure Procedures above). However, some of the CSAs are also Responsible Employees under Title IX, and they are obligated to share reported information involving sexual misconduct, domestic/dating violence and stalking, including information about the identity of the victim and accused, with the Title IX Administrator. Reports to professional and pastoral counselors can be kept confidential. Professional and pastoral counselors are encouraged to inform their clients, as and when they deem it appropriate, of the procedures to confidentially report crimes to primary CSAs, when they deem it appropriate.

Response to Reports of Criminal Actions or Other Emergencies

to the Local Police Department to file an incident report. University officials will investigate a report when it is deemed appropriate. Additional information obtained via the investigation will also be forwarded to the Executive Director of Student Services. Incidents reports involving sexual misconduct, domestic/dating violence and stalking will also be forwarded to the Title IX Administrator for review and potential action under the Title IX Policy. If assistance is required from the local Police Department or the local Fire Department, Wayland officials will contact the appropriate unit. If a sexual assault or rape should occur, staff on the scene, will inform the victim a of the variety of services available, online at: https://www.wbu.edu/about/title-ix/index.htm

Reporting Crimes for Timely Warnings Reports and the Annual Statistical Disclosure

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the University community obtained from various sources. An annual training and campus-wide e-mail notification is sent from the Chief of Police to notify CSA's of their responsibility to report crimes to UPD and to gather crime information from them. As stated in the Confidential Reporting section above, reports of crimes that are reported confidentially to CSAs are compiled and coordinated through the University Police Department.

If the local or state police agency provides WBU with information about a crime, each Clery reportable crime, whether or not a formal police report is filed and an investigation ensues, is reflected in a crime statistics chart in the University's Annual Security and Fire Safety Report (ASFSR).

This annual report includes statistics on reported crimes, arrests and referrals for violations that occur on campus, on non-campus University property and public property contiguous to campus boundaries that are reported to Campus Security Authorities, local and state police agencies and crimes reported directly to UPD. All reported violations that have taken place in these designated areas during the previous three calendar years, whether or not the crime involved a WBU student, faculty, or staff member, are reflected in the ASFSR. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported.

WBU submits the annual crime statistics published in the ASFSR to the Department of Education (ED). The statistical information gathered by the Department of Education is available to the public through the ED website.

The ASFSR is made available upon request to prospective students and employees as well as current students, faculty, and staff and all of these persons are notified of the report's availability.

The department issues/posts Crime Alerts for incidents of:

Wayland Baptist University
OPEID 00366300
PRCN 201740629661

Police or their designee will develop an emergency notification by determining the content of a message that will be used to notify members of the community immediately upon confirmation of a significant emergency of dangerous situation, such as serious crime-in-progress, a natural disaster, a manmade emergency or other emergency that poses an immediate threat to the health and safety of the WBU community or a segment of the community.

If the institution utilizes the procedures regarding notification of the WBU community of an immediate threat, the institution is not obligated to utilize the timely warning notice procedures, however the institution will provide adequate follow-up information as needed.

The types of incidents that may cause an immediate threat to the WBU community could include but are not limited to emergencies such as: natural disaster/severe weather event, an active shooter on campus, hostage/barricade situation, a riot, suspicious package with confirmation of a device, a fire/explosion, suspicious death, structural damage to a WBU owned or controlled facility, biological threat (anthrax, etc.), significant flooding, a gas leak, hazardous materials spill, etc.

The notification will be distributed if the incident is reported either to UPD directly or to UPD indirectly through a campus security authority, any local police agency or other appropriate agency.

Wayland personnel, potentially including the Campus Executive Director/site Coordinator, Vice President of Enrollment Management, Executive Director of Information Technology and/or Chief of Police or their designee, has a responsibility to respond to such incidents to determine if the situation does in fact pose an immediate threat to the community as well as determine the need for emergency notification.

The Campus Executive Director/Site coordinator, Vice President of Enrollment Management, the Executive Director of Information Technology and/or Chief of Police or their designee has the authority to initiate the notification systems and will determine the appropriate segment(s) of the community that will receive the notification based on the segments of community that are potentially affected by the emergency. If the entire community could be affected, the notification will be sent to all students and employees.

The Vice President of Enrollment Management, the Executive Director of Information Technology and/or Chief of Police or their designee will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders (including, but not limited to: UPD, Local Police Department, Local Fire Department, and the Department of Public Safety, compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Sex Offender Information

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation,

Jurisdictional Definition of Consent

x The state of Texas does not define what consent is, but does define what consent is not.

Texas law is states that sexual penetration is WITHOUT CONSENT if:

a) The actor compels the other person to submit or participate by the use of physical force or violence;
b) The actor compels the other person to submit or participate by threatening to use force or violence against the other person, and the other person believes that the actor has the present ability to execute the threat;

x Wayland defines consent as the following for purposes of its' institutional Title IX policy and resolution procedures:

Consent is knowing, voluntary, and permission by word or action to engage in mutually agreed upon sexual activity or contact. Consent is active and not passive. Silence, in and of itself, should not be interpreted as consent.

- Consent to one act does not constitute consent to another act.
- Consent on a previous occasion does not constitute consent on a later occasion.
- Consent to an act with one person does not constitute consent to an act with any other person.
- The existence of a prior or current relationship does not, in itself, constitute consent; even in the context of a relationship, there must be mutual consent.
- Consent can be withdrawn or modified at any time, and sexual contact must stop immediately once consent is withdrawn.
- Consent cannot be inferred from silence, passivity, or lack of resistance, and relying on nonverbal communication alone may result in a violation of this policy.

UNFOUNDED CRIMES

If a crime is reported as occurring On-Campus, in or on Non-campus buildings or property, or on Public Property, and the reported crime is investigated by sworn or commissioned law enforcement authorities and found to be false or baseless, the crime is considered to be "unfounded."

Institutions must report the total number of: criminal offenses; hate crimes; and domestic violence, dating violence, or stalking incidents that have been unfounded.

The total number of unfounded crimes for the 2017 calendar year at this campus is 0.
The total number of unfounded crimes for the 2016 calendar year at this campus is 0.
The total number of unfounded crimes for the 2015 calendar year at this campus is 0.

HATE CRIMES

There were no hate crime reported for this campus in 2015, 2016 or 2017.

FIRE STATISTICS

This campus does not have On-Campus Student Housing Facilities. Therefore, no Annual Fire Safety Report is published for this campus, and the Missing Student procedures do not apply to this campus.

• Aggravated assault (cases involving assaults among known parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case by case basis to determine if the individual is believed to be an on-going threat to the larger WBU community)

• Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Crime Alert, but will be assessed on a case by case basis)

• Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the UPD). In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a "timely" warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice.

• Major incidents of arson

• Other Clery crimes as determined necessary by the Chief of Police, or his designee in his absence

Crime Alerts may also be posted for other crimes, classifications and locations, even though that is not required by the law, at the sole discretion of WBU.

A timely warning notice will typically include the following, unless issuing any of this information would risk compromising law enforcement efforts:

• Date and time or timeframe of the incident

• A brief description of the incident

• Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips).

• Suspect description(s) when deemed appropriate and if there is sufficient detail (see below)

• Police/Public Safety agency contact information

• Other information as deemed appropriate by the Chief or his/her designee

The description of subjects in a case will only be included in the alert if there is a sufficient amount of detail to describe the individual. If the only known descriptors are sex and race, that will not be included in the alert.

Crime Alerts are distributed by sending a blast email to the University community, including all students and employees. Typically, the Campus Executive Director in conjunction with the Vice President for Enrollment Management develops the content and approves the distribution of a Crime Alert, but the Chief of Police has the authority to distribute it if the VP is unavailable. The Chief of Police has the authority to develop the contents and to send the email to the WBU community. Periodically, other senior administrators may be involved in assisting the Chief of Police in the development of the contents of a Crime Alert, depending on the circumstances of the crime.

Updates to the WBU community about any particular case resulting in a crime alert also may be distributed electronically via blast email.

Campus Access and Security of Campus Facilities

WBU is a private institution but the campus is open and accessible to students, employees and visitors during normal business hours. Some facilities are open in the evenings and on weekends, depending on the schedule of events. No effort is made to restrain the general public and visitors from entering the campus facilities when they are open. However, the University reserves the right to bar individuals who are considered a threat to the well-being of the University community.

Considerations in the Maintenance of Campus Facilities

WBU maintains campus facilities in a manner that minimizes hazardous and unsafe conditions. The campus is routinely inspected for environmental safety hazards such as insufficient lighting and overgrown shrubbery. Parking lots and pathways are illuminated with lighting. Wayland staff work to address burned out lights promptly as well as malfunctioning door locks or other physical conditions that enhance security. Other members of the University community are helpful when they report equipment problems to the Campus Executive Director/Site Coordinator.

In addition to these statutes, Wayland Baptist University adheres to a high standard of moral conduct which includes prohibition of the use, possession, or distribution of alcohol or illegal drugs by students on university owned or controlled property or in conjunction with any university activity. The university may take action against students for off-campus use, possession or distribution of alcohol or controlled substances if deemed appropriate by university officials

Reporting Crimes for Timely Warnings, Reports and the Annual Statistical Disclosure

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the University community obtained from various sources. An annual training and campus-wide e-mail notification is sent from the Chief of Police to notify CSA's of their responsibility to report crimes to UPD and to gather crime information from them. As stated in the Confidential Reporting section above, reports of crimes that are reported confidentially to CSAs are compiled and coordinated through the University Police Department.

If the local or state police agency provides WBU with information about a crime, each Clery reportable crime, whether or not a formal police report is filed or an investigation ensues, is reflected in a crime

• Aggravated assault (cases involving assaults among known parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case by case basis to determine if the individual is believed to be an on-going threat to the larger WBU community)

• Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Crime Alert, but will be assessed on a case by case basis)

• Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the UPD). In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a "timely" warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice.

• Major incidents of arson

• Other Clery crimes as determined necessary by the Chief of Police, or his designee in his absence

Crime Alerts may also be posted for other crimes, classifications and locations, even though that is not required by the law, at the sole discretion of WBU.

A timely warning notice will typically include the following, unless issuing any of this information would risk compromising law enforcement efforts:

• Date and time or timeframe of the incident

• A brief description of the incident

• Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips).

• Suspect description(s) when deemed appropriate and if there is sufficient detail (see below)

• Police/Public Safety agency contact information

• Other information as deemed appropriate by the Chief or his/her designee

The description of subjects in a case will only be included in the alert if there is a sufficient amount of detail to describe the individual. If the only known descriptors are sex and race, that will not be included in the alert.

Crime Alerts are distributed by sending a blast email to the University community, including all students and employees. Typically, the Campus Executive Director in conjunction with the Vice President for Enrollment Management develops the content and approves the distribution of a Crime Alert, but the Chief of Police has the authority to distribute it if the VP is unavailable. The Chief of Police has the authority to develop the contents and to send the email to the WBU community. Periodically, other senior administrators may be involved in assisting the Chief of Police in the development of the contents of a Crime Alert, depending on the circumstances of the crime.

Updates to the WBU community about any particular case resulting in a crime alert also may be distributed electronically via blast email.

Sex Offender Information

Alaska State law does not currently include a definition for dating violence. However, Alaska's definition of domestic violence includes individuals who are or were in current and former dating relationships.

Sexual Assault:

Under Alaska state law, sexual penetration and sexual contact of another person without consent is sexual assault and can occur under a variety of circumstances, including:

• Engaging in sexual penetration or contact with someone without consent of the person;

• Attempting to engage in sexual penetration with someone without consent of the person, causing serious physical injury as a result;

• Engaging in sexual penetration or contact with someone known to be mentally incapable or unaware, or while in certain legal or professional relationships with the person;

• Engaging or attempting to engage in sexual penetration or sexual contact with someone who is incapacitated, or temporarily incapable of appraising the nature of one's own conduct or physically unable to express unwillingness to act.

The Alaska Statutes on sexual assault are found in AS 11.41.410 – 11.41.470.

Stalking:

Under Alaska law, it is illegal for another person to knowingly engage in a course of conduct that recklessly places you or someone else in fear of death or physical injury to either yourself or a member of your family. A course of conduct is repeated acts of "non-consensual contact" that is initiated or continued without that person's consent, or after someone has expressed a desire to cease contact, or is outside of the scope of consent given by that person. Some examples include:

• following or appearing within the sight of that person;

• approaching or confronting that person in a public place or on private property;

• appearing at the workplace or residence of that person;

• entering onto or remaining on property owned, leased, or occupied by that person;

• contacting that person by telephone;

• sending mail or electronic communications to that person;

• placing an object on, or delivering an object to, property owned, leased, or occupied by that person;

• following or monitoring that person with a global positioning device or similar technological means; or

• using, installing or attempting to use or install a device for observing, recording, or photographing events occurring in the residence, vehicle, or workplace used by that person, or on the personal telephone or computer used by that person.

The complete definition of stalking is found in Alaska Statutes 11.41.260 – .270.

Jurisdictional Definition of Consent

In the State of Alaska, the following terms including "incapacitated," "mentally incapable," and "without consent" as related to sexual assault are defined as:

1. Incapacitated: temporarily incapable of appraising the nature of one's own conduct or physically unable to express unwillingness to act;

2. Mentally Incapable: suffering from a mental disease or defect that renders the person incapable of understanding the nature or consequences of the person's conduct, including the potential for harm to that person;

3. Without Consent: that a person

• with or without resisting, is coerced by the use of force against a person or property, or by the express or implied threat of death, imminent physical injury, or kidnapping to be inflicted on anyone; or

• is incapacitated as a result of an act of the defendant.

The complete definitions of the above terms are found in Alaska Statute 11.41.470.

Age of Consent:

Under Alaska state law, the age of consent for sexual activity depends on the age of both partners. Generally, an individual 16 years old or older can engage in sexual activity with an older participant provided the older participant is not in a position of authority over the younger participant and is not the younger participant's parent. In addition, depending on the age and relationship of the participants, teenagers may not be able to provide legal consent. In summary, an individual who agrees with any of the following statements may not be capable of providing consent, and a crime may have occurred:

• I am under 18 and the other person has authority over me (coach, teacher, boss).

• I am a teen and there is a 3-year or more age difference between us.

The complete provisions regarding the age of consent are found in Alaska Statutes 11.41.434 –.445.

Policies for Preparing the Annual Disclosure of Crime Statistics

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the University community obtained from various sources. An annual training and campus-wide e-mail notification is sent from the Chief of Police to notify CSA's of their responsibility to report crimes to UPD and to gather crime information from them. As stated in the Confidential Reporting section above, reports of crimes that are reported confidentially to CSAs are compiled and coordinated through the University Police Department.

If the local or state police agency provides WBU with information about a crime, each Clery reportable crime, whether or not a formal police report is filed and an investigation ensues, is reflected in a crime statistics chart in the University's Annual Security and Fire Safety Report (ASFSR).

This annual report includes statistics on reported crimes, arrests and referrals for violations that occur on campus, on non-campus University property and on public property contiguous to campus boundaries that are reported to Campus Security Authorities, local and state police agencies and crimes reported directly to

UPD. All reported violations that have taken place in these designated areas during the previous three calendar years, whether or not the crime involved a WBU student, faculty, or staff member, are reflected in the ASFSR. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported.

WBU submits the annual crime statistics published in the ASFSR to the Department of Education (ED). The statistical information gathered by the Department of Education is available to the public through the ED website.

The ASFSR is made available upon request to prospective students and employees as well as current students, faculty, and staff and all of these persons are notified of the report's availability.

Non-emergencies may be reported to the Site Coordinator or campus Executive Director.

All Wayland Baptist University (WBU) Campus Security Authorities (CSA) are required to report crimes (violations of federal, state and local laws) to UPD. Campus Executive Directors and Site Coordinators are CSAs. Confidential Reporting

Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can be made to any campus security authorities (the primary CSAs identified in the Reporting and Disclosure Procedures above). However, some of the CSAs are also Responsible Employees under Title IX, and they are obligated to share reported information involving sexual misconduct, domestic/dating violence and stalking, including information about the identity of the victim and accused, with the Title IX Administrator. Reports to professional and pastoral counselors can be kept confidential. Professional and pastoral counselors are encouraged to inform their clients, as and when they deem it appropriate, of the procedures to confidentially report crimes to primary CSAs, when they deem it appropriate.

Response to Reports of Criminal Actions or Other Emergencies

Base Security Forces are available 24 hours a day to answer your calls by dialing (907) 552-8550 or 911. In response to a call, Security Forces will take the required action, either dispatching an officer or asking the victim to report to the Base Security Forces Station to file an incident report. University officials will investigate a report when it is deemed appropriate. Additional information obtained via the investigation will also be forwarded to the Executive Director of Student Services. Incident reports involving sexual misconduct, domestic/dating violence and stalking will also be forwarded to the Title IX Administrator for review and potential action under the Title IX policy. If assistance is required from the local Police Department or the local Fire Department, Wayland officials will contact the appropriate unit. CLASS CANCELLATIONS:

In the event that classes are cancelled for any reason (active shooter, earthquakes, snowfall, fire, etc.), Wayland will notify instructors and students via the following methods:

Instructors by phone from Anchorage Campus staff, if possible.
Instructors and students by the following:

- Messages posted on Blackboard.
- Notices on local radio station (AM 750)
- University telephone emergency voice message system
- University e-mail and text messaging
- Personal phone calls if time and circumstances permit.

CRISIS RESPONSE TEAM:

The Anchorage Crisis Response Team is an officially designated group of Wayland Baptist University – Anchorage employees who will serve as a decision-making and directive-issuing body in emergency situations. The Executive Director/Dean of the Anchorage campus will act with authority to implement a plan for coping with imminent danger, such as an earthquake. In the absence of the Executive Director/Dean, the Associate Dean will act in authority to implement a plan. In the absence of both the Executive Director/Dean and the Associate Dean, the Facility Manager will act in their capacity. In addition to these three, other designated individuals will act as Campus Security Authorities (CSA): the Parkside site coordinator (Marcia), and two faculty representatives most likely to be involved with students on Wayland trips or programs: Dr. Anderson, and Dr. Shaw. All CSAs are supposed to receive annual training, coordinated by Plainview's chief of campus security. Regardless of when that may happen, CSAs as well as all other Wayland staff and faculty must review this emergency plan annually and report to the campus executive director that they have done so.

GENERAL PROCEDURES:

If at all possible, campus crises should be avoided by following proactive procedures such as fire and earthquake drills and maintaining campus properties for maximum safety. In case of unavoidable emergencies, these same procedures can help prevent or lessen damage from such crises.
The University's first concern is for the safety of students, faculty, and staff. Any other issues (administrative or otherwise) will be resolved in order of importance. Once students, faculty, and staff are secured, property can be secured and damages assessed before cleanup begins.

1) In an emergency situation, all personnel will be notified appropriately via computer, telephone, and/or voice of what actions to take (evacuate the building, remain in offices, seek shelter in the basement, etc).
2) If instructed to remain in the building, all personnel will be notified to close windows and window shades if appropriate.
3) If instructed to evacuate the building, all personnel will immediately proceed out the closest exit and assemble in the southeast corner of the parking lot (toward intersection of Totem Theater).
4) Anyone discovering a suspicious package in the facility, or a suspicious package/letter in the mail, will stay away from the package and bring the issue to the attention of the crisis response team or facility director, assistant campus dean, or campus dean in that order.
5) In the event of a suspicious package/letter, or threatening telephone call/e-mail that identifies WBU-Anchorage as a target of attack, WBU personnel will immediately call 911 to notify the appropriate Anchorage authorities.
6) Front office personnel seeing a suspicious-looking person approaching the building will lock the front doors only if they have time to do so. Otherwise, they will immediately lower the metal security screen and proceed down the inside hallway to the assistant's office, where they will call for assistance.

Upon receiving news of an impending emergency or already-occurred emergency, all members of the Crisis Response Team shall report immediately to Parkside Center. Those who arrive first must immediately notify other Crisis Response Team members who may yet be uniformed of the disaster. The first order of business is to assemble the Crisis Management Team, which should:

1. Use all available methods to gather available pertinent information as to the nature of the disaster or impending disaster.
Evaluate all pertinent information.
Make a decision as to whether or not a disaster plan should be initiated.
Choose the appropriate disaster plan.
Initiate the plan.
Determine the message to be used by the automated telephone operator in answer to questions. At this

facts of the disaster, an expression of concern for the persons involved, and what actions have been taken to deal with the disaster.

8. UNIVERSITY SPOKESPERSON:

In the absence of the Director of Communications, only the Dean of the Anchorage Campus, or his/her designee, will serve as the University spokesperson and communicate with the media. All media requests for information should be directed to the Dean of the Anchorage Campus. Only facts gathered by the Crisis Response Team will be released. No speculation is to be offered. Internal audiences will be informed first of the crisis situation. These audiences may include staff, faculty, administration, and current students, and friends of Wayland. The following methods will be considered for communicating with internal audiences:

Telephones to offices or homes.
Posting of press release outside the office of the Dean.
Dissemination of information through local radio, television, the campus webpage, and newspaper.
Establishment of a hotline with up-to-date recorded information in the Anchorage Campus office.
Press releases and notification of appropriate media.
Called meeting at the Campus to clarify facts and answer questions.

9. IDENTIFICATION OF EXTERNAL AUDIENCES

The university will take a proactive approach in dealing with external audiences. These audiences may include friends of the University, area and state Baptist officials, prospective students, community leaders, and the general public. Because care must be taken to distribute consistent information to external audiences, only the University spokesperson will coordinate these communication efforts, and only the information gathered by The Crisis Response Team will be disseminated. The following methods may be considered for communicating with external audiences:

Telephone/facsimile/computer communication to primary media sources.
Posting of press releases outside Anchorage Campus office.
Telephone or personal visit to key community leaders.
Telephone/facsimile/computer communication to key area and state Baptist leaders.
Establishment of a hotline with up-to-date recorded information in the Anchorage Campus office.
A press conference, if warranted, at the Anchorage Campus.

10. COMMUNICATION LOGS:

All members of the Anchorage CRT should keep an accurate log of all calls received and other contacts made during the crisis. In addition, notes, memos, news releases, which would be useful in evaluating performance and response, will be maintained. These items may also be used in the event of lawsuits.

11. EVACUATION PROCEDURES

The plan of evacuation will be used when there is advanced warning of a volcanic eruption or other impending disaster, and the Crisis Response Team advises to evacuate the building. It may also be used after a natural disaster if said disaster destroyed or severely damaged the electrical or other utility-supply capabilities of the facility. Suggested information that may be given by the Crisis Response Team includes:

A brief statement concerning the nature of the impending or already-occurred disaster.
Campus is to be evacuated immediately except for pre-designated, emergency-duty personnel.
The direction of area of least danger.
The direction of area of most danger.
Any specific information concerning roads which are known to be out of service.

Instructions to all persons in the building to implement appropriate actions for safety of personnel and property.

In the event of an emergency requiring the evacuation of the Anchorage Campus, all personnel will be directed to the exits identified in the building floor plan. Once the order to evacuate is given, all persons will proceed directly and orderly to the exits. Based on emergency reports from the news media and other sources, a member of the Anchorage Campus will sound an alarm and personnel will vacate the premises and go to home shelters/basements, or appropriate shelter at church, or in the city. Members of the Crisis Response Team will see that the building is cleared.

A team member on duty will see that public safety personnel are met upon their arrival and informed of the situation. These personnel should be informed of any persons who are not accounted for at this time. Any emergency situation will be reported to the office of VP, External Campuses or the VPA at the Plainview Campus.

1. Incapacitated: temporarily incapable of appraising the nature of one's own conduct or physically unable to express unwillingness to act;

2. Mentally Incapable: suffering from a mental disease or defect that renders the person incapable of understanding the nature or consequences of the person's conduct, including the potential for harm to that person;

3. Without Consent: that a person

• with or without resisting, is coerced by the use of force against a person or property, or by the express or implied threat of death, imminent physical injury, or kidnapping to be inflicted on anyone; or

• is incapacitated as a result of an act of the defendant.

The complete definitions of the above terms are found in Alaska Statute 11.41.470.

Age of Consent:

Under Alaska state law, the age of consent for sexual activity depends on the age of both partners. Generally, an individual 16 years old or older can engage in sexual activity with an older participant provided the older participant is not in a position of authority over the younger participant and is not the younger participant's parent. In addition, depending on the age and relationship of the participants, teenagers may not be able to provide legal consent. In summary, an individual who agrees with any of the following statements may not be capable of providing consent, and a crime may have occurred:

• I am under 18 and the other person has authority over me (coach, teacher, boss).

• I am a teen and there is a 3-year or more age difference between us.

The complete provisions regarding the age of consent are found in Alaska Statutes 11.41.434 –.445.

• Aggravated assault (cases involving assaults among known parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case by case basis to determine if the individual is believed to be an on-going threat to the larger WBU community)

• Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Crime Alert, but will be assessed on a case by case basis)

• Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the UPD). In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a "timely" warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice.

• Major incidents of arson

• Other Clery crimes as determined necessary by the Chief of Police, or his designee in his absence

Crime Alerts may also be posted for other crimes, classifications and locations, even though that is not required by the law, at the sole discretion of WBU.

A timely warning notice will typically include the following, unless issuing any of this information would risk compromising law enforcement efforts:

• Date and time or timeframe of the incident

• A brief description of the incident

• Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips).

• Suspect description(s) when deemed appropriate and if there is sufficient detail (see below)

• Police/Public Safety agency contact information

• Other information as deemed appropriate by the Chief or his/her designee

The description of subjects in a case will only be included in the alert if there is a sufficient amount of detail to describe the individual. If the only known descriptors are sex and race, that will not be included in the alert.

Crime Alerts are distributed by sending a blast email to the University community, including all students and employees. Typically, the Campus Executive Director in conjunction with the Vice President for Enrollment Management develops the content and approves the distribution of a Crime Alert, but the Chief of Police has the authority to distribute it if the VP is unavailable. The Chief of Police has the authority to develop the contents and to send the email to the WBU community. Periodically, other senior administrators may be involved in assisting the Chief of Police in the development of the contents of a Crime Alert, depending on the circumstances of the crime.

Updates to the WBU community about any particular case resulting in a crime alert also may be distributed electronically via blast email.

Wayland personnel, potentially including the Campus Executive Director/site Coordinator, Vice President of Enrollment Management, Executive Director of Information Technology and/or Chief of Police or their designee, has a responsibility to respond to such incidents to determine if the situation does in fact pose an immediate threat to the community as well as determine the need for emergency notification.

The Campus Executive Director/Site coordinator, Vice President of Enrollment Management, the Executive Director of Information Technology and/or Chief of Police or their designee has the authority to initiate the notification systems and will determine the appropriate segment(s) of the community that will receive the notification based on the segments of the community that are potentially affected by the emergency. If the entire community could be affected, the notification will be sent to all students and employees.

The Vice President of Enrollment Management, the Executive Director of Information Technology and/or Chief of Police or their designee will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders (including, but not limited to: UPD, Local Police Department, Local Fire Department, and the Department of Public Safety, compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

WBU has various systems in place for communicating information quickly to the WBU community, including:

1. Network emails (Students, Faculty and Staff)

2. Pioneer Alert (text message)

3. Pioneer Alert (mobile phone)

4. Pioneer Alert (land line phone)

5. Pioneer Alert (email)

6. Pioneer Alert (social media)

7. Department of Marketing and Communications (media releases and website notifications)

Campus Access and Security of Campus Facilities

The Teaching site (Education Center) is located on military fort with external security procedures that require pre-arranged base passes or military ID cards to access the base. The Education Center is open and accessible to students, employees and visitors during normal business hours. Some facilities are open in the evenings and on weekends, depending on the schedule of events. No effort is made to restrain the general public and visitors from entering the campus facilities when they are open. However, Base Security Personnel reserves the right to bar individuals who are considered a threat to the well-being of the military community.

Considerations in the Maintenance of Campus Facilities

WBU is a guest to the on-base education center. Fort Huachuca Community Commander and Base Security maintain Education Center facilities in a manner that minimizes hazardous and unsafe conditions. The Education Center is routinely inspected for environmental safety hazards such as insufficient lighting and

overgrown shrubbery. Parking lots and pathways are illuminated with lighting. Fort Huachuca Community, Maintenance staff and Base Security work to assist in burned out lights promptly as well as malfunctioning door locks or other physical conditions that enhance security and report problems to the Campus Executive Director/Site Coordinator. Other members of the University community are urged to report equipment problems to the Campus Executive Director/Site Coordinator.

Monitoring and Recording of Criminal Activity by Students at Non-Campus Locations

The campus does not have student organizations with non-campus locations at this site.

Drug and Alcohol Policies and Enforcement

State and Federal statutes concerning alcoholic beverages and underage drinking will be strictly enforced by base security at the teaching site. In addition to these statutes, Wayland Baptist University adheres to a high standard of moral conduct which includes prohibition of the use, possession, or distribution of alcohol or illegal drugs by students on university owned or controlled property or in conjunction with any university activity. The university may take action against students for off-campus use, possession or distribution of alcohol or controlled substances if deemed appropriate by university officials

Drugs

According to state and federal laws, the possession, distribution, sale, and/or use of illicit drugs or narcotics, or any hallucinatory agent or other substance not prescribed to the person by a licensed provider on University property or property under control of Wayland Baptist University or at any event sponsored by the University or any University student organization, whether or not conducted on University property, including student travel on behalf of the University, is prohibited. This rule applies to all paraphernalia utilized in conjunction with the possession, sale, and/or use of the prohibited substances.

Substance Abuse and Education

Wayland Baptist University strives to promote good physical health and safety of all students and employees and to provide an outlet for ensuring knowledge of the effects and physical cost of drug and alcohol abuse. All employees are notified of the UWB/University System policy and regulation regarding drug and alcohol abuse upon hire and annually thereafter. Students are notified annually through the Campus Security and Fire Safety Report and at Alcohol and Other Drug (AOD) abuse prevention programming each year through departments within Student Affairs. Additional information is also made available through the Wayland Baptist University Student Handbook, the Residential Living Handbook, and the Student Athlete Handbook. The Drug and Alcohol Prevention Policy (DAAPP) is provided in compliance with the Drug Free Schools and Communities Act and the DAAPP can be found at: https://www.wbu.edu/about/disclosures/documents/daapp2017.pdf

Arizona Revised Statute § 13-1401.

Arizona Age Of Consent:

Arizona's age of consent, which is 18 years old, are unable to consent to sexual activity with an individual who is older than them.

In Arizona, statutory rape is prosecuted under the state's sexual abuse and molestation laws, and is broken into several categories based on the age of the parties and the type of sexual contact that occurred, as described below.

Sexual conduct with a minor. Sexual conduct with a minor is a crime that involves sexual intercourse or oral sexual contact between a child who is younger than 18 years old, and a defendant of any age. It also includes intercourse or oral sexual contact between a minor who is 15, 16, or 17, and a defendant who is 19 or older (unless the defendant is still in high school), and at least two years older than the minor. (Az. Rev. Stat. §§ 13-1405, 13-1407 (2018).)

Molestation of a child. Arizona law defines molestation of a child as sexual contact without penetration (not including touching a female's breast) between a minor who is 14 or younger and a defendant of any age. (Az. Rev. Stat. § 13-1410 (2018).)

Sexual abuse. Under Arizona law, sexual abuse occurs when there is consensual sexual contact between a minor who is 14 or younger and a defendant of any age, and the contact involves only the touching of a female's breast. (Az. Rev. Stat. § 13-1404 (2018).)

Sexual conduct with a minor, molestation of a child, and sexual abuse are felonies in Arizona. Penalties vary according to the state's sentencing grid and may include fines, prison time, or both. Punishments are typically harsher the younger the victim. Increased penalties also apply to offenders with prior convictions and those who were in a position of trust (such as a teacher, clergyman, or coach) at the time of the sexual contact. For instance, a conviction for sexual conduct with a minor can result in a prison sentence ranging from 13 years to life, depending on the facts of the case. (Az. Rev. Stat. §§ 13-705, 13-1405 (2018).)

Students and employees should report any criminal offense for the purpose of making timely warning notices (Crime Alerts) and annual statistical disclosure to the Campus Executive Director or Site Coordinator. You may also make an anonymous report of criminal activity on the Wayland website Silent Witness report form at https://www.wbu.edu/university-police/silent-witness-crime-report.htm

Although statistical information is requested annually from law enforcement agencies with jurisdiction at the WBU campus/site and other owned and controlled property, Wayland also requests notification of the incident for follow-up and documentation purposes. Non-emergencies may be reported to Site Coordinator or campus Executive Director

All Wayland Baptist University (WBU) Campus Security Authorities (CSA) are required to report crimes (violations of federal, state and local laws) to UPD. Campus Executive Directors and Site Coordinators are CSAs. These crimes as well as any public safety related incidents or emergencies must be promptly reported by the CSA to the University Police Department (UPD) for appropriate response, investigation or disposition.

All administrative staff and full-time/adjunct faculty members must be familiar with and adhere to the following procedures:

The procedures below apply to JBER/FRA at Education Center Bldg 7, Chilkoot Ave., Ft. Richardson.

EMERGENCY EXITS:

In the event of a major earthquake, fire, or other emergency, exits are located on each floor. Maps of these exits are located in every classroom and posted on the walls on each floor. These exits provide the fastest and most direct access to the parking lot outside. All exits are furnished with emergency lighting in the event of a loss of electricity. In case evacuation is necessary, faculty and staff members should direct students to leave the building in an orderly manner through one of the above exits.

EVACUATION:

There is no single solution for all evacuation scenarios. In case of fire, evacuate the building at the nearest exit away from the fire. Follow published routes displayed throughout the facility. In case of active shooter, evacuate away from the danger, or hold in place with classroom doors locked, and then evacuate when told to do so by authorities. For earthquake, evacuate if possible through the nearest exit--but if not [(e)37 wty. In

CRISIS RESPONSE TEAM:

The Anchorage Crisis Response Team is an official designated group of Wayland Baptist University – Anchorage employees who will serve as a decision making and directive-issuing body in emergency situations. The Executive Director/Dean of the Anchorage campus will act with authority to implement a plan for coping with imminent danger, such as an earthquake. In the absence of the Executive Director/Dean, the Associate Dean will act in authority to implement a plan. In the absence of both the Executive Director/Dean and the Associate Dean, the Facility Manager will act in their capacity. Choose the appropriate disaster plan.
Initiate the plan.
Determine the message to be used by the automated telephone operator in answer to questions. At this point, the Crisis Response Team will assume the responsibility of communicating the plan of action to the Campus.
In the event that there are members of the Crisis Response Team not present, those who are present shall have the authority to implement the necessary plans.
In the case of an earthquake or volcanic eruption, the Executive Director/Dean shall consult with JBER Ft. Richardson Security Forces and render a take-shelter decision as soon as possible.
In the case of a terrorist threat (bomb threat, active shooter, etc.), the Executive Director/Dean or Crisis Response Team shall make contact with law enforcement immediately and may take other legally-allowable actions necessary to safeguard students, faculty, and staff. Since the student body is made up of a large number of local police officers, and the state of Alaska has a 'legal duty to act' clause for its police officers, these persons will likely be the first consulted in such a situation.
In the case of a major civil emergency (911- type situation), all WBU faculty, staff, and students will follow established emergency plans initiated by local or federal civil authorities.

COMMUNICATIONS:

Decisions made by the Crisis Response Team will be effectively communicated to appropriate internal and external audiences in the most expeditious manner possible. Once immediate communication needs are met, the Office of Communications/Public Relations (806-291-3585) in Plainview, Texas, will be the primary source for information and communications related to a crisis, with help from key personnel from the Anchorage Campus who will ensure a smooth crisis response.
Both the public's legitimate right to know the essential facts and privacy concerns (especially those related to individual rights, personal security and legal liability) must be determined and considered before any public statements are made.

An appropriate spokesperson for the university will be identified and counseled by the Office of Communications. In the absence of that person, the Executive Director/Dean will be the spokesperson. The university may choose not to participate in a discussion it deems non-newsworthy or inappropriate. Efforts will be made to explain the university's position and to be as forthcoming as possible with the facts of the situation, but at no time will a university representative reply, "No comment." All faculty and staff should be deliberate not to speculate or offer personal opinions about a crisis situation. All inquiries should be referred to the Executive Director/Dean or the Office of Communications / Public Relations representative in Plainview, Texas.

OFFICIAL STATEMENT:

If necessary, an official statement will be prepared by the Crisis Response Team and Office of Communications/Public Relations, or in consultation with the Office of the President or Vice President for Academic Affairs, Plainview Campus. They will compose the official statement which sets forth the basic facts of the disaster, an expression of concern for persons involved, and what actions have been taken to deal with the disaster.

8. UNIVERSITY SPOKESPERSON:

In the absence of the Director of Communications, only the Dean of the Anchorage Campus, or his/her designee, will serve as the University spokesperson and communicate with the media. All media requests for information should be directed to the Dean of the Anchorage Campus. Only facts gathered by the Crisis Response Team will be released. No speculation is to be offered. Internal audiences will be informed first

of the crisis situation. These audiences may include staff, faculty, administration, and current students, and friends of Wayland. The following methods will be considered for communicating with internal audiences:

Telephones to offices or homes.
Posting of press release outside the office of the Dean.
Dissemination of information through local radio, television, the campus webpage, and newspaper.
Establishment of a hotline with up-to-date recorded information in the Anchorage Campus office.
Press releases and notification of appropriate media.
Called meeting at the Campus to clarify facts and answer questions.

9. IDENTIFICATION OF EXTERNAL AUDIENCES

The university will take a proactive approach in dealing with external audiences. These audiences may include friends of the University, area and state Baptist officials, prospective students, community leaders, and the general public. Because care must be taken to distribute consistent information to external audiences, only the University spokesperson will coordinate these communication efforts, and only the

A team member on duty will see that public safety personnel are met upon their arrival and informed of the situation. These personnel should be informed of any persons who are not accounted for at this time. Any emergency situation will be reported to the office of the VP, External Campuses or the VPA at the Plainview Campus.

Jurisdictional Definitions of Dating Violence, Domestic Violence, Sexual Assault, and Stalking

The State of Alaska defines the crimes of domestic violence, dating violence, sexual assault, and stalking.

Domestic Violence:

Alaska State law defines domestic violence and a crime involving domestic violence to mean one or more of the following offenses, or an attempt to commit one of these offenses, by a household member against another household member: murder, manslaughter, criminally negligent homicide, assault, reckless endangerment, stalking, kidnapping, custodial interference, human trafficking, sexual offenses including assault and sexual abuse of a minor, among others, robbery, extortion, coercion, burglary, criminal trespass, arson or criminally negligent burning, criminal mischief, terrorist threatening, violating a protective order, harassment, and cruelty to animals.

Household members to which the Alaska domestic violence laws apply include:

• A person you have dated, or are presently dating;

• A current or former spouse;

• A person with whom you have had a sexual relationship;

• A person who lives, or has previously lived with you, in the same household;

• A parent, stepparent, grandparent, child or grandchild, aunt, uncle, cousin, second cousin or children of any of these persons.

The complete definition of domestic violence is found in Alaska Statute AS 18.66.990.

Dating Violence:

Alaska State law does not currently include a definition for dating violence. However, Alaska's definition of domestic violence includes individuals who are or were in current and former dating relationships.

Sexual Assault:

Under Alaska state law, sexual penetration and sexual contact of another person without consent is sexual assault and can occur under a variety of circumstances, including:

• Engaging in sexual penetration or contact with someone without consent of the person;

• Attempting to engage in sexual penetration with someone without consent of the person, causing serious physical injury as a result;

• Engaging in sexual penetration or contact with someone known to be mentally incapable or unaware, or while in certain legal or professional relationships with the person;

• Engaging or attempting to engage in sexual penetration or sexual contact with someone who is incapacitated, or temporarily incapable of apprais ing the nature of one's own conduct or physically unable to express unwillingness to act.

The Alaska Statutes on sexual assault are found in AS 11.41.410 – 11.41.470.

Stalking:

Under Alaska law, it is illegal for another person to knowingly engage in a course of conduct that recklessly places you or someone else in fear of death or physical injury to either yourself or a member of your family. A course of conduct is repeated acts of "non-consensual contact" that is initiated or continued without that person's consent, or after someone has expressed a desire to cease contact, or is outside of the scope of consent given by that person. Some examples include:

• following or appearing within the sight of that person;

• approaching or confronting that person in a public place or on private property;

• appearing at the workplace or residence of that person;

• entering onto or remaining on property owned, leased, or occupied by that person;

• contacting that person by telephone;

• sending mail or electronic communications to that person;

• placing an object on, or delivering an object to, property owned, leased, or occupied by that person;

• following or monitoring that person with a global positioning device or similar technological means; or

• using, installing or attempting to use or install a device for observing, recording, or photographing events occurring in the residence, vehicle, or workplace used by that person, or on the personal telephone or computer used by that person.

The complete definition of stalking is found in Alaska Statutes 11.41.260 – .270.

Crimes occurring in other locations should be reported to the local police department with jurisdiction at the location of the crime. If the correct local police department is unknown, dial 911, and the city/county dispatchers will connect you with the appropriate law enforcement agency.

Students and employees should report any criminal offense for the purpose of making timely warning notices (Crime Alerts) and annual statistical disclosure to the Campus Executive Director or Site Coordinator. You may also make an anonymous report of criminal activity on the Wayland website Silent Witness report form at https://www.wbu.edu/university-police/silent-witness-crime-report.htm

Although statistical information is requested annually from law enforcement agencies with jurisdiction at the WBU campus/site and other owned and controlled property, Wayland also requests notification of the incident for follow-up and documentation purposes. Non-emergencies may be reported to Site Coordinator or campus Executive Director

All Wayland Baptist University (WBU) Campus Security Authorities (CSA) are required to report crimes (violations of federal, state and local laws) to UPD. Campus Executive Directors and Site Coordinators are CSAs. These crimes as well as any public safety related incidents or emergencies must be promptly reported by the CSA to the University Police Department (UPD) for appropriate response, investigation or disposition.

Confidential Reporting

Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can be made to any campus security authorities (the primary CSAs identified in the Reporting and Disclosure Procedures above). However, some of the CSAs also are Responsible Employees under Title IX, and they are obligated to share reported information involving sexual misconduct, domestic/dating violence and stalking, including information about the identity of the victim and accused, with the Title IX Administrator. Reports to professional and pastoral counselors can be kept confidential. Professional and pastoral

the victim to report to the Base Security Forces Station to file an incident report. University officials will investigate a report when it is deemed appropriate. Additional information obtained via the investigation will also be forwarded to the Executive Director of Student Services. Incident reports involving sexual misconduct, domestic/dating violence and stalking will also

UPD indirectly through a campus security authority or any local police agency. Crime Alerts will be issued on a case-by-case basis based on the information received by UPD. Information that might compromise law enforcement efforts would not be included in the crime alert.

The department issues/posts Crime Alerts for incidents of:

• Murder/Non-Negligent Manslaughter

• Aggravated assault (cases involving assaults among known parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case by case basis to determine if the individual is believed to be an on-going threat to the larger WBU community)

• Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Crime Alert, but will be assessed on a case by case basis)

• Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the UPD). In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a “timely” warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice.

• Major incidents of arson

• Other Clery crimes as determined necessary by the Chief of Police, or his designee in his absence

Crime Alerts may also be posted for other crimes, classifications and locations, even though that is not required by the law, at the sole discretion of WBU.

A timely warning notice will typically include the following, unless issuing any of this information would risk compromising law enforcement efforts:

• Date and time or timeframe of the incident

• A brief description of the incident

• Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips).

• Suspect description(s) when deemed appropriate and if there is sufficient detail (see below)

• Police/Public Safety agency contact information

• Other information as deemed appropriate by the Chief or his/her designee

The description of subjects in a case will only be included in the alert if there is a sufficient amount of detail to describe the individual. If the only known descriptors are sex and race, that will not be included in the alert.

Crime Alerts are distributed by sending a blast email to the University community, including all students and employees. Typically, the Campus Executive Director in conjunction with the Vice President for Enrollment Management develops the content and approves the distribution of a Crime Alert, but the Chief of Police has the authority to distribute it if the VP is unavailable. The Chief of Police has the authority to

The types of incidents that may cause an immediate threat to the WBU community could include but are not limited to emergencies such as: natural disaster/severe weather event, an active shooter on campus, hostage/barricade situation, a riot, suspicious package with confirmation of a device, a fire/explosion, suspicious death, structural damage to a WBU owned or controlled facility, biological threat (anthrax, etc.), significant flooding, a gas leak, hazardous materials spill, etc.

The notification will be distributed if the incident is reported either to UPD directly or to UPD indirectly through a campus security authority, any local police agency or other appropriate agency.

Wayland personnel, potentially including the Campus Executive Director/site Coordinator, Vice President of Enrollment Management, Executive Director of Information Technology and/or Chief of Police or their designee, has a responsibility to respond to such incidents to determine if the situation does in fact pose an immediate threat to the community as well as determine the need for emergency notification.

The Campus Executive Director/Site coordinator, Vice President of Enrollment Management, the Executive Director of Information Technology and/or Chief of Police or their designee has the authority to initiate the notification systems and will determine the appropriate segment(s) of the community that will receive the notification based on the segments of the community that are potentially affected by the emergency. If the entire community could be affected, the notification will be sent to all students and employees.

The Vice President of Enrollment Management, the Executive Director of Information Technology and/or Chief of Police or their designee will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders (including, but not limited to: UPD, Local Police Department, Local Fire Department, and the Department of Public Safety, compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Policies for Preparing the Annual Disclosure of Crime Statistics

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the University community obtained from various sources. An annual training and campus-wide e-mail notification is sent from the Chief of Police to notify CSA's of their responsibility to report crimes to UPD and to gather crime information from them. As stated in the Confidential Reporting section above, reports of crimes that are reported confidentially to CSAs are compiled and coordinated through the University Police Department.

If the local or state police agency provides WBU with information about a crime, each Clery reportable crime, whether or not a formal police report is filed or an investigation ensues, is reflected in a crime statistics chart in the University's Annual Security and Fire Safety Report (ASFSR).

This annual report includes statistics on reported crimes, arrests and referrals for violations that occur on campus, on non-campus University property and public property contiguous to campus boundaries that are reported to Campus Security Authorities, local and state police agencies and crimes reported directly to UPD. All reported violations that have taken place in these designated areas during the previous three calendar years, whether or not the crime involved a WBU student, faculty, or staff member, are reflected in the ASFSR. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported.

WBU submits the annual crime statistics published in the ASFSR to the Department of Education (ED). The statistical information gathered by the Department of Education is available to the public through the ED website.

The ASFSR is made available upon request to perspective students and employees as well as current students, faculty, and staff and all of these parties are notified of the report's availability.

Timely Warning

The Wayland Baptist University Campus Executive Director in conjunction with the (WBU) Police Department (UPD) Chief of Police or a designee will develop the contents of a timely warning notice (called Crime Alerts) for the University community to notify members of the community about a serious crime that occurs on campus, in non-campus property or on public property that is immediately adjacent to the campus, where it is determined that the crime may pose a serious or continuing threat to members of the WBU community. These warnings will be distributed if the crime is reported either to UPD directly or to UPD indirectly through a campus security authority or any local police agency. Crime Alerts will be issued on a case-by-case basis based on the information received by UPD. Information that might compromise law enforcement efforts would not be included in the crime alert.

The department issues/posts Crime Alerts for incidents of:

• Murder/Non-Negligent Manslaughter

• Aggravated assault (cases involving assaults among known parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case by case basis to determine if the individual is believed to be an on-going threat to the larger WBU community)

• Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Crime Alert, but will be assessed on a case by case basis)

• Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the UPD). In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a "timely" warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice.

• Major incidents of arson

• Other Clery crimes as determined necessary by the Chief of Police, or his designee in his absence

Crime Alerts may also be posted for other crimes, classifications and locations, even though that is not required by the law, at the sole discretion of WBU.

A timely warning notice will typically include the following, unless issuing any of this information would risk compromising law enforcement efforts:

• Date and time or timeframe of the incident

• A brief description of the incident

• Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips).

• Suspect description(s) when deemed appropriate and if there is sufficient detail (see below)

• Police/Public Safety agency contact information

• Other information as deemed appropriate by the Chief or his/her designee

The description of subjects in a case will only be included in the alert if there is a sufficient amount of detail to describe the individual. If the only known descriptors are sex and race, that will not be included in the alert.

Crime Alerts are distributed by sending a blast email to the University community, including all students and employees. Typically, the Campus Executive Director in conjunction with the Vice President for Enrollment Management develops the content and approves the distribution of a Crime Alert, but the Chief of Police has the authority to distribute it if the VP is unavailable. The Chief of Police has the authority to develop the contents and to send the email to the WBU community. Periodically, other senior administrators may be involved in assisting the Chief of Police in the development of the contents of a Crime Alert, depending on the circumstances of the crime.

Updates to the WBU community about any particular case resulting in a crime alert also may be distributed electronically via blast email.

Timely Warning Notices will be distributed as soon as pertinent information is available, in a manner that withholds the names of victims as confidential, and with the goal of aiding in the prevention of similar occurrences.

WBU is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor.

The department does not issue Crime Alerts for the above listed crimes if:

Dating Violence:

Alaska State law does not currently include a definition for dating violence. However, Alaska's definition of domestic violence includes individuals who are in current and former dating relationships.

Sexual Assault:

Under Alaska state law, sexual penetration and sexual contact of another person without consent is sexual assault and can occur under a variety of circumstances, including:

• Engaging in sexual penetration or contact with someone without consent of the person;

• Attempting to engage in sexual penetration with someone without consent of the person, causing serious physical injury as a result;

• Engaging in sexual penetration or contact with someone known to be mentally incapable or unaware, or while in certain legal or professional relationships with the person;

• Engaging or attempting to engage in sexual penetration or sexual contact with someone who is incapacitated, or temporarily incapable of appraising the nature of one's own conduct or physically unable to express unwillingness to act.

The Alaska Statutes on sexual assault are found in AS 11.41.410 – 11.41.470.

Stalking:

Under Alaska law, it is illegal for another person to knowingly engage in a course of conduct that recklessly places you or someone else in fear of death or physical injury to either yourself or a member of your family. A course of conduct is repeated acts of "non-consensual contact" that is initiated or continued without that person's consent, or after someone has expressed a desire to cease contact, or is outside of the scope of consent given by that person. Some examples include:

• following or appearing within the sight of that person;

• approaching or confronting that person in a public place or on private property;

• appearing at the workplace or residence of that person;

• entering onto or remaining on property owned, leased, or occupied by that person;

• contacting that person by telephone;

• sending mail or electronic communications to that person;

• placing an object on, or delivering an object to, property owned, leased, or occupied by that person;

• following or monitoring that person with a global positioning device or similar technological means; or

• using, installing or attempting to use or install a device for observing, recording, or photographing events occurring in the residence, vehicle, or workplace used by that person, or on the personal telephone or computer used by that person.

The complete definition of stalking is found in Alaska Statutes 11.41.260 – .270.

If the local or state police agency provides WBU with information about a crime, each Clery reportable crime, whether or not a formal police report is filed or an investigation ensues, is reflected in a crime statistics chart in the University's Annual Security and Fire Safety Report (ASFSR).

This annual report includes statistics on reported crimes, arrests and referrals for violations that occur on campus, on non-campus University property and public property contiguous to campus boundaries that are reported to Campus Security Authorities, local and state police agencies and crimes reported directly to UPD. All reported violations that have taken place in these designated areas during the previous three calendar years, whether or not the crime involved a WBU student, faculty, or staff member, are reflected in the ASFSR. Timely Warning

The Wayland Baptist University Campus Executive

2. If a report was not filed with UPD or if a local police agency was not notified of the crime in a manner that would allow the department to post a “timely” warning for the community. A general guideline will include a report that is filed more than fourteen days after the date of the alleged incident may not allow UPD to post a “timely” warning to the community. This type of situation will be evaluated on a case by case basis.
3. If the threat was mitigated in some other manner.

Emergency Response and Evacuation Procedures

The Crisis Management Team consists of all members of the Emergency Planning Committee and the Managers of Financial Aid, the Business Office, Bookstore, Academic Records and is responsible for making necessary decisions regarding any crisis and ensuring the proper notification of students, staff

- Off-site notification – this occurs when a situation develops during the time period that classes are not in session or the offices are closed and the building is not occupied. It is to rapidly inform personnel and students of weather, and personal safety emergencies. These notifications come through voice message, e-mail, and text message. Examples of when off-site notification may be necessary are winter storms and ice, approaching hurricane or tropical storm, intense heat wave, power failure, heat or cooling failure, or heavy rain and potential active crisis situations to include any crime in progress. News media notification – this occurs when a situation develops at any time requiring mass communication throughout the community by all means available, including television, radio, web site, and newspaper. It is done when mass notification of the public in general is needed. The Notification Team upon being directed by the senior member of the Crisis Management Team able to make the decision will begin this process.

- Wayland defines consent as the following for purposes of its' institutional Title IX policy and resolution procedures:

  Consent is knowing, voluntary, and permission by word or action to engage in mutually agreed upon sexual activity or contact. Consent is active and not passive. Silence, in and of itself, should not be interpreted as consent.

  - Consent to one act does not constitute consent to another act.
  - Consent on a previous occasion does not constitute consent on a later occasion.
  - Consent to an act with one person does not constitute consent to an act with any other person.
  - The existence of a prior or current relationship does not, in itself, constitute consent; even in the context of a relationship, there must be mutual consent.
  - Consent can be withdrawn or modified at any time, and sexual contact must stop immediately once consent is withdrawn.
  - Consent cannot be inferred from silence, passivity, or lack of resistance, and relying on nonverbal communication alone may result in a violation of this policy.

Policies for Preparing the Annual Disclosure of Crime Statistics

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the University community obtained from various sources. An annual training and campus-wide e-mail notification is sent from the Chief of Police to notify CSA's of their responsibility to report crimes to UPD and to gather crime information from them. As stated in the Confidential Reporting section above, reports of crimes that are reported confidentially to CSAs are compiled and coordinated through the University Police Department.

**On-Campus Student Housing Facility crime statistics are a subset of the On-Campus category, i.e., they are counted in both categories.*

UNFOUNDED CRIMES

If a crime is reported as occurring On-Campus, in or on Non-campus buildings or property, or on Public Property, and the reported crime is investigated by sworn or commissioned law enforcement authorities and found to be false or baseless, the crime is considered to be "unfounded."

Institutions must report the total number of: criminal offenses; hate crimes; and domestic violence, dating violence, or stalking incidents that have been unfounded.

The total number of unfounded crimes for the 2017 calendar year at this campus is 0.
The total number of unfounded crimes for the 2016 calendar year at this campus is 0.
The total number of unfounded crimes for the 2015 calendar year at this campus is 0.

HATE CRIMES

There were no hate crime reported for this campus in 2015, 2016 or 2017.

FIRE STATISTICS

This campus does not have On-Campus Student Housing Facilities. Therefore, no Annual Fire Safety Report is published for this campus, and the Missing Student procedures do not apply to this campus.

Coordinator. You may also make an anonymous repot of criminal activity on the Wayland website Silent Witness report form at https://www.wbu.edu/university-police/silent-witness-crime-report.htm

Although statistical information is requested annually from law enforcement agencies with jurisdiction at the WBU campus/site and other owned and controlled property, Wayland also requests notification of the incident for follow-up and documentation purposes. Non-emergencies may be reported to the Site Coordinator or campus Executive Director.

All Wayland Baptist University (WBU) Campus Security Authorities (CSA) are required to report crimes (violations of federal, state and local laws) to UPD. All Campus Executive Directors and Site Coordinators are CSAs. These crimes as well as any public safety related incidents or emergencies must be promptly reported by the CSA to the University Police Department (UPD) for appropriate response, investigation or disposition.

Confidential Reporting

Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can be made to any campus security authorities (the primary CSAs are identified in the Reporting and Disclosure Procedures above). However, some of the CSAs are also Responsible Employees under Title IX, and they are obligated to share reported information involving sexual misconduct, domestic/dating violence and stalking, including information about the identity of the victim and accused, with the Title IX Administrator. Reports to professional and pastoral counselors can be kept confidential. Professional and pastoral counselors are encouraged to inform their clients, if and when they deem it appropriate, of the procedures to confidentially report crimes to primary CSAs, when they deem it appropriate.

Response to Reports of Criminal Actions or Other Emergencies

Base Security Forces are available 24 hours a day to answer your calls by dialing (808) 449-7114 or 911. In response to a call, Security Forces will take the required action, either dispatching an officer or asking the victim to report to the Base Security Forces Station to file an incident report. University officials will investigate a report when it is deemed appropriate. Additional information obtai

• Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Crime Alert, but will be assessed on a case by case basis)

• Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the UPD). In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a "timely" warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice.

• Major incidents of arson

• Other Clery crimes as determined necessary by the Chief of Police, or his designee in his absence

Crime Alerts may also be posted for other crime classifications and locations, even though that is not required by the law, at the sole discretion of WBU.

A timely warning notice will typically include the following, unless issuing any of this information would risk compromising law enforcement efforts:

• Date and time or timeframe of the incident

• A brief description of the incident

• Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips).

• Suspect description(s) when deemed appropriate and if there is sufficient detail (see below)

• Police/Public Safety agency contact information

• Other information as deemed appropriate by the Chief or his/her designee

The description of subjects in a case will only be included in the alert if there is a sufficient amount of detail to describe the individual. If the only known descriptors are sex and race, that will not be included in the alert.

Crime Alerts are distributed by sending a blast email to the University community, including all students and employees. Typically, the Campus Executive Director in conjunction with the Vice President for Enrollment Management develops the content and approves the distribution of a Crime Alert, but the Chief has the authority to distribute it if the VP is unavailable. The Chief of Police has the authority to develop the contents and to send the email to the WBU community. Periodically, other senior administrators may be involved in assisting the Chief of Police in the development of the contents of a Crime Alert, depending on the circumstances of the crime.

Updates to the WBU community about any particular case resulting in a crime alert also may be distributed electronically via blast email.

Timely Warning Notices will be distributed as soon as pertinent information is available, in a manner that withholds the names of victims as confidential, and with the goal of aiding in the prevention of similar occurrences.

WBU is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor.

The department does not issue Crime Alerts for the above listed crimes if:
1. The department apprehends the subject(s) and the threat of imminent danger for members of the WBU community have been mitigated by the apprehension.
2. If a report was not filed with UPD or if a local police agency was not notified of the crime in a manner that would allow the department to post a "timely" warning for the community. A general guideline will include a report that is filed more than fourteen days after the date of the alleged incident may not allow UPD to post a "timely" warning to the community. This type of situation will be evaluated on a case by case basis.
3. If the threat was mitigated in some other manner.

Campus Access and Security of Campus Facilities

The Teaching site (Education Center) is located on the Hickam side of Joint-Base Pearl Harbor-Hickam with external security procedures that require pre-arranged base passes or military ID cards to access the base. The Education Center is open and accessible to students, employees and visitors during normal business hours. Some facilities are open in the evenings and on weekends, depending on the schedule of events. No effort is made to restrain the general public and visitors from entering the campus facilities when they are open. However, Base Security Personnel reserves the right to bar individuals who are considered a threat to the well-being of the military community.

Considerations in the Maintenance of Campus Facilities

WBU is a guest to the on-base education center. Hickam AFB Community Commander and Base Security maintain Education Center facilities in a manner that minimizes hazardous and unsafe conditions. The Education Center is routinely inspected for environmental safety hazards such as insufficient lighting and overgrown shrubbery. Parking lots and pathways are illuminated with lighting. Hickam Community, Maintenance staff and Base Security work to address burned out lights promptly as well as malfunctioning door locks or other physical conditions that enhance security and report problems to the Campus Executive Director/Site Coordinator. Other members of the University community are helpful when they report equipment problems to the Campus Executive Director/Site Coordinator.

Monitoring and Recording of Criminal Activity by Students at Non-Campus Locations

The campus does not have student organizations with non-campus locations at this site.

Drug and Alcohol Policies and Enforcement

State and Federal statutes concerning alcoholic beverages and underage drinking will be strictly enforced by base security at the teaching site. In addition to these statutes, Joint Base Pearl Harbor-Hickam Instruction 5350.4A delineates responsibilities for reporting alcohol and drug related incidences and a "Zero Tolerance Policy". Wayland Baptist University adheres to a high standard of moral conduct which includes prohibition of the use, possession, or distribution of alcohol or illegal drugs by students on university owned or controlled property or in conjunction with any university activity. The university may take action against students for off-campus use, possession or distribution of alcohol or controlled substances if deemed appropriate by university officials

Drugs

According to state and federal laws, the possession, distribution, sale, and/or use of illicit drugs or narcotics, or any hallucinatory agent or other substance not prescribed to the person by a licensed provider on

University property or property under control of Wayland Baptist University or at any event sponsored by the University or any University student organization, whether or not conducted on University property, including student travel on behalf of the University, is prohibited. This rule applies to all paraphernalia utilized in conjunction with the possession, sale and/or use of the prohibited substances.

Substance Abuse and Education

Wayland Baptist University strives to promote good physical health and safety of all students and employees and to provide an outlet for ensuring knowledge of the effects and physical cost of drug and

Appendix Q: Policies Applicable to the Kirtland AFB Campus

This appendix identifies the policy statements and crime statistics that are unique to this campus. For any topic not addressed in this appendix, refer to the main body of the Annual Safety Report which includes statements of policy that pertain to all campuses, unless otherwise indicated.

Enforcement Authority of Campus Security Personnel

This location has no police or security personnel on site.

Arrest Authority of Campus Security Personnel

This location has no police or security personnel on site.

Jurisdiction of Campus Security Personnel

This location has no police or security personnel on site.

Working Relationship of Campus Security Personnel with Local Law Enforcement Agencies

This location has no police or security personnel on site.

Agreements with Local Law Enforcement Agencies Regarding the Investigation of Alleged Criminal Offenses

There are no written agreements or memorandums of understanding regarding any topics, including the investigation of criminal incidents, between the institution and the local police department (Kirtland AFB Security Desk 505-846-7272 or 505-846-7913).

Reporting Criminal Actions or Other Emergencies

Members of Wayland Baptist University are encouraged to report crimes or emergencies occurring on campus, in/on property owned and controlled by WBU, as well as crimes on public property running through or immediately adjacent to the campus to the Campus Executive Director/Site Coordinator. Always remember in cases of eminent danger and emergency, you are advised to dial 911 for local police assistance.

Crimes occurring in other locations should be reported to the local police department with jurisdiction at the location of the crime. If the correct local police department is unknown, dial 911, and the city/county dispatchers will connect you with the appropriate law enforcement agency.

Students and employees should report any criminal offense for the purpose of making timely warning notices (Crime Alerts) and annual statistical disclosure to the Campus Executive Director or Site

Coordinator. You may also make an anonymous repot of criminal activity on the Wayland website Silent Witness report form at: https://www.wbu.edu/university-police/silent-witness-crime-report.htm

Although statistical information is requested annually from law enforcement agencies with jurisdiction at the WBU campus/site and other owned and controlled property, Wayland also requests notification of the incident for follow-up and documentation purposes. Non-emergencies may be reported to the Site Coordinator or campus Executive Director.

All Wayland Baptist University (WBU) Campus Security Authorities (CSA) are required to report crimes (violations of federal, state and local laws) to UPD. All Campus Executive Directors and Site Coordinators are CSAs. These crimes as well as any public safety related incidents or emergencies must be promptly reported by the CSA to the University Police Department (UPD) for appropriate response, investigation or disposition.

The Campus Security Authority guidelines and the CSA crime report form are available online to report Clery crimes and can be located at: https://www.wbu.edu/universityrpolice/csacrf.htm

Confidential Reporting

Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can be made to any campus security authorities (the primary CSAs are identified in the Reporting and Disclosure Procedures above). However, some of the CSAs are also Responsible Employees under Title IX, and they are obligated to share reported information involving sexual misconduct, domestic/dating violence and stalking, including information about the identity of the victim and accused, with the Title IX Administrator. Reports to professional and pastoral counselors can be kept confidential. Professional and pastoral counselors are encouraged to inform their clients, if and when they deem it appropriate, of the procedures to confidentially report crimes to primary CSAs, when they deem it appropriate.

Response to Reports of Criminal Actions or Other Emergencies

Base Security Forces are available 24 hours a day to answer your calls by dialing (505) 846-7913 or 911. In response to a call, Security Forces will take the required action, either dispatching an officer or asking the victim to report to the Base Security Forces Station to file an incident report. University officials will investigate a report when it is deemed appropriate. Additional information obtained via the investigation

WaylandBaptist

• Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Crime Alert, but will be assessed on a case by case basis)

• Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the UPD). In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a "timely" warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice.

• Major incidents of arson

• Other Clery crimes as determined necessary by the Chief of Police, or his designee in his absence

Crime Alerts may also be posted for other crime classifications and locations, even though that is not required by the law, at the sole discretion of WBU.

A timely warning notice will typically include the following, unless issuing any of this information would risk compromising law enforcement efforts:

• Date and time or timeframe of the incident

• A brief description of the incident

• Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips).

• Suspect description(s) when deemed appropriate and if there is sufficient detail (see below)

• Police/Public Safety agency contact information

• Other information as deemed appropriate by the Chief or his/her designee

The description of subjects in a case will only be included in the alert if there is a sufficient amount of detail to describe the individual. If the only known descriptors are sex and race, that will not be included in the alert.

Crime Alerts are distributed by sending a blast email to the University community, including all students and employees. Typically, the Campus Executive Director in conjunction with the Vice President for

WBU is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor.

The department does not issue Crime Alerts for the above listed crimes if:
1. The department apprehends the subject(s) and the threat of imminent danger for members of the WBU community have been mitigated by the apprehension.
2. If a report was not filed with UPD or if a local police agency was not notified of the crime in a manner that would allow the department to post a “timely” warning for the community. A general guideline will include a report that is filed more than fourteen days after the date of the alleged incident may not allow UPD to post a “timely” warning to the community. This type of situation will be evaluated on a case by case basis.
3. If the threat was mitigated in some other manner.

Emergency Response and Evacuation Procedures

Emergency Notifications

The Wayland Baptist University (WBU) Campus Executive Director, Military Security Forces, Police Department, Vice President of Enrollment Management, the Executive Director of Information Technology and/or the (UPD) Chief of Police or their designee will develop an emergency notification by determining the content of a message that will be used to notify members of the community immediately upon confirmation of a significant emergency of dangerous situation, such as serious crime-in-progress, a natural disaster, a manmade emergency or other emergency that poses an immediate threat to the health and safety of the WBU community or a segment of the community.

If the institution utilizes the procedures regarding notification of the WBU community of an immediate threat, the institution is not obligated to utilize the timely warning notice procedures, however the institution will provide adequate follow-up information as needed.

The types of incidents that may cause an immediate threat to the WBU community could include but are not limited to emergencies such as: natural disaster/weather event, an active shooter on campus, hostage/barricade situation, a riot, suspicious package with confirmation of a device, a fire/explosion, suspicious death, structural damage to a WBU owned or controlled facility, biological threat (anthrax, etc.), significant flooding, a gas leak, hazardous materials spill, etc.

The notification will be distributed if the incident is reported either to UPD directly or to UPD indirectly through a campus security authority, any local police agency or other appropriate agency.

Wayland personnel, potentially including the Campus Executive Director/site Coordinator, Vice President of Enrollment Management, Executive Director of Information Technology and/or Chief of Police or their designee, has a responsibility to respond to such incidents to determine if the situation does in fact pose an immediate threat to the community as well as determine the need for emergency notification.

The Campus Executive Director/Site coordinator, Vice President of Enrollment Management, the Executive Director of Information Technology and/or Chief of Police or their designee has the authority to initiate the notification systems and will determine the appropriate segment(s) of the community that will receive the notification based on the segments of the community that are potentially affected by the emergency. If the entire community could be affected, the notification will be sent to all students and employees.

The Vice President of Enrollment Management, the Executive Director of Information Technology and/or Chief of Police or their designee will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders (including, but not limited to: UPD, Local Police Department, Local Fire Department, and the Department of Public Safety, compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

WBU has various systems in place for communicating information quickly to the WBU community, including:

1. Network emails (Students, Faculty and Staff)

2. Pioneer Alert (text message)

3. Pioneer Alert (mobile phone)

4. Pioneer Alert (land line phone)

5. Pioneer Alert (email)

6. Pioneer Alert (social media)

7. Department of Marketing and Communications (media releases and website notifications)

Campus Access and Security of Campus Facilities

The Education Center is open and accessible to students, employees and visitors during normal business hours. Some facilities are open in the evenings and on weekends, depending on the schedule of events. No effort is made to restrain the general public and visitors from entering the campus facilities when they are open. However, Base Security Personnel reserves the right to bar individuals who are considered a threat to the well-being of the military community.

Considerations in the Maintenance of Campus Facilities

WBU is a guest to the on-base education center. Kirtland AFB Community Commander and Base Security maintain Education Center facilities in a manner that minimizes hazardous and unsafe conditions. The Education Center is routinely inspected for environmental safety hazards such as insufficient lighting and overgrown shrubbery. Parking lots and pathways are illuminated with lighting. Kirtland Community, Maintenance staff and Base Security work to address burned out lights promptly as well as malfunctioning door locks or other physical conditions that enhance security and report problems to the Campus Executive Director/Site Coordinator. Other members of the University community are helpful when they report equipment problems to the Campus Executive Director/Site Coordinator.

Monitoring and Recording of Criminal Activity by Students at Non-Campus Locations

The campus does not have student organizations with non-campus locations at this site.

Drug and Alcohol Policies and Enforcement

State and Federal statutes concerning alcoholic beverages and underage drinking will be strictly enforced by base security at the teaching site. In addition to these statutes, Wayland Baptist University adheres to a high standard of moral conduct which includes prohibition of the use, possession, or distribution of alcohol or illegal drugs by students on university owned or controlled property or in conjunction with any university activity. The university may take action against students for off-campus use, possession or distribution of alcohol or controlled substances if deemed appropriate by university officials

Drugs

According to state and federal laws, the possession, distribution, sale, and/or use of illicit drugs or narcotics, or any hallucinatory agent or other substance not prescribed to the person by a licensed provider on University property or property under control of Wayland Baptist University or at any event sponsored by the University or any University student organization, whether or not conducted on University property, including student travel on behalf of the University, is prohibited. This rule applies to all paraphernalia utilized in conjunction with the possession, sale and/or use of the prohibited substances.

Substance Abuse and Education

Wayland Baptist University strives to promote good physical health and safety of all students and employees and to provide an outlet for ensuring knowledge of the effects and physical cost of drug and alcohol abuse. All employees are notified of the WBU University System policy and regulation regarding drug and alcohol abuse upon hire and annually thereafter. Students are notified annually through the Campus Security and Fire Safety Report and at Alcohol and Other Drug (AOD) abuse prevention programming each year through departments within Student Affairs. Reporting Criminal Actions or Other Emergencies

Members of Wayland Baptist University are encouraged to report crimes or emergencies occurring on campus, in/on property owned and controlled by WBU, as well as crimes on public property running through or immediately adjacent to the campus to the Campus Site Coordinator at (210) 590-5683 and the Campus Executive Director at (210) 590-5630. In cases of eminent danger and emergency, personnel are advised to dial 911 for local police assistance.

3. The communications group will inform the entire campus population of any plan of action chosen to deal with emergency situations.

Crime Alerts are distributed by sending a blast email to the University community, including all students and employees. Typically, the Campus Executive Director in conjunction with the Vice President for Enrollment Management develops the content and approves the distribution of a Crime Alert. Periodically, other senior administrators may be involved in assisting in the development of the contents of a Crime Alert, depending on the circumstances of the crime. Updates to the WBU community about any particular case resulting in a crime alert also may be distributed electronically via blast email.

Timely Warning Notices will be distributed as soon as pertinent information is available, in a manner that withholds the names of victims as confidential, and with the goal of aiding in the prevention of similar occurrences.

The department does not issue Crime Alerts for the above listed crimes if:

1. The department apprehends the subject(s) and the threat of imminent danger for members of the WBU community have been mitigated by the apprehension.
2. A report was not filed with UPD or if a local police agency was not notified of the crime in a manner that would allow the department to post a "timely" warning for the community. A general guideline will include a report that is filed more than fourteen days after the date of the alleged incident may not allow UPD to post a "timely" warning to the community. This type of situation will be evaluated on a case by case basis.
3. If the threat was mitigated in some other manner.

Base Security Forces are available 24 hours a day to receive your calls by dialing (210) 671-2018 or 911. In response to a call, Security Forces will take the required action, either dispatching an officer or asking the victim to report to the Base Security Forces Station to file an incident report. University officials will investigate a report when it is deemed appropriate. Additional information obtained via the investigation will also be forwarded to the Executive Director of Student Services. Incident reports involving sexual misconduct, domestic/dating violence and stalking will also be forwarded to the Title IX Administrator for review and potential action under the Title IX policy. If assistance is required from the local Police Department or the local Fire Department, Wayland officials will contact the appropriate unit. If a sexual assault or rape should occur, staff on the scene, will inform the victim a wide variety of services available, online at: https://www.wbu.edu/about/title-ix/index.htm

Reporting Crimes for Timely Warnings Reports and the Annual Statistical Disclosure

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the University community obtained from various sources. An annual training and campus-wide e-mail notification is sent from the Chief of Police to notify CSA's of their responsibility to report crimes to UPD and to gather crime information from them. As stated in the Confidential Reporting section above, reports of crimes that are reported confidentially to CSAs are compiled and coordinated through the University Police Department.

• Other Clery crimes as determined necessary by the Chief of Police, or his designee in his absence

Crime Alerts may also be posted for other crime classifications and locations, even though that is not required by the law, at the sole discretion of WBU.

A timely warning notice will typically include the following, unless issuing any of this information would risk compromising law enforcement efforts:

• Date and time or timeframe of the incident

• A brief description of the incident

• Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips).

• Suspect description(s) when deemed appropriate and if there is sufficient detail (see below)

• Police/Public Safety agency contact information

• Other information as deemed appropriate by the Chief or his/her designee

The description of subjects in a case will only be included in the alert if there is a sufficient amount of detail to describe the individual. If the only known descriptors are sex and race, that will not be included in the alert.

Crime Alerts are distributed by sending a blast email to the University community, including all students and employees. Typically, the Campus Executive Director in conjunction with the Vice President for Enrollment Management develops the content and approves the distribution of a Crime Alert, but the Chief of Police has the authority to distribute it if the VP is unavailable. The Chief of Police has the authority to develop the contents and to send the email to the WBU community. Periodically, other senior administrators may be involved in assisting the Chief of Police in the development of the contents of a Crime Alert, depending on the circumstances of the crime.

Updates to the WBU community about any particular case resulting in a crime alert also may be distributed electronically via blast email.

Timely Warning Notices will be distributed as soon as pertinent information is available, in a manner that withholds the names of victims as confidential, and with the goal of aiding in the prevention of similar occurrences.

WBU is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor.

The department does not issue Crime Alerts for the above listed crimes if:
1. The department apprehends the subject(s) and the threat of imminent danger to members of the WBU community have been mitigated by the apprehension.
2. If a report was not filed with UPD or if a local police agency was not notified of the crime in a manner that would allow the department to post a “timely” warning for the community. A general guideline will include a report that is filed more than fourteen days

3. If the threat was mitigated in some other manner.

Emergency Response and Evacuation Procedures

The Crisis Management Team consists of all members of the Emergency Planning Committee and the Managers of Financial Aid, the Business Office, Bookstore, Academic Records and is responsible for making necessary decisions regarding any crisis and ensuring the proper notification of students, staff and faculty in the event of a situation. The Crisis Management Team will meet for training no less than once a calendar year, the time and date to be determined by the Executive Director; or when a new member is appointed that member will receive training within thirty (30) days following appointment of the position.

The Emergency Preparedness Planning team members are:

- Executive Director
- Assistant Executive Director
- Director of Student Services
- Campus Police Officer
- Head Custodian

The primary functions of the Crisis Management Team are:

- To determine the nature and seriousness of the emergency
- To determine the course of action necessary
- To issue appropriate instructions for the implementation of the plan of action

Emergency Notifications

- On-site notification – this occurs when a situation develops during the time period that classes are in session or the offices are open and staff present. It consists primarily of two actions: evacuate the building or remain in place or move to a safe location within the building. The decision will be made by the senior member of the Crisis Management Team available on site at the time the situation develops. Once a decision is made, the Notification Team will sound the alert throughout the building. The first step is to use the telephone intercom announcement system. These procedures are spelled out in detail in the Emergency Preparedness Plan- 4, Wayland Baptist University – San Antonio Campus 12/1/2014.
- Off-site notification – this occurs when a situation develops during the time period that classes are not in session or the offices are closed and the building is not occupied. It is to rapidly inform personnel and students of weather, and personal safety emergencies. These notifications come through voice message, e-mail, and text messaging. Examples of when off-site notification may be necessary are winter storms and ice, approaching hurricane or tropical storm, intense heat wave, power failure, heat or cooling failure, early rain and potential active crisis situations to include any crime in progress. News media notification – this occurs when a situation develops ation develop

Students are notified annually through the Campus Security and Fire Safety Report and at Alcohol and Other Drug (AOD) abuse prevention programming each year through departments within Student Affairs. Additional information is also made available through the Wayland Baptist University Student Handbook, the Residential Living Handbook, and the Student Athlete Handbook. Sex Offender Information

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteers services or is a student.

In Texas, convicted sex offenders must register with the Texas Department of Public Safety You can link to this information, which appears on their website, by accessing https://records.txdps.state.tx.us/SexOffenderRegistry

- Wayland defines consent as the following for purposes of its' institutional Title IX policy and resolution procedures:

  Consent is knowing, voluntary, and permission by word or action to engage in mutually agreed upon sexual activity or contact. Consent is active and not passive. Silence, in and of itself, should not be interpreted as consent.

  - Consent to one act does not constitute consent to another act.
  - Consent on a previous occasion does not constitute consent on a later occasion.
  - Consent to an act with one person does not constitute consent to an act with any other person.
  - The existence of a prior or current relationship does not, in itself, constitute consent; even in the context of a relationship, there must be mutual consent.
  - Consent can be withdrawn or modified at any time, and sexual contact must stop immediately once consent is withdrawn.
  - Consent cannot be inferred from silence, passivity, or lack of resistance, and relying on nonverbal communication alone may result in a violation of this policy.

Policies for Preparing the Annual Disclosure of Crime Statistics

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the University community obtained from various sources. An annual training and campus-wide e-mail notification is sent from the Chief of Police to notify CSA's of their responsibility to report crimes to UPD and to gather crime information from them. As stated in the Confidential Reporting section above, reports of crimes that are reported confidentially to CSAs are compiled and coordinated through the University Police Department.

Reporting Crimes for Timely Warnings, Reports and the Annual Statistical Disclosure

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the University community obtained from various sources. An annual training and campus-wide e-mail notification is sent from the Chief of Police to notify CSA's of their responsibility to report crimes to UPD and to gather crime information from them. As stated in the Confidential Reporting section above, reports of crimes that are reported confidentially to CSAs are compiled and coordinated through the University Police Department.

If the local or state police agency provides WBU with information about a crime, each Clery reportable crime, whether or not a formal police report is filed or an investigation ensues, is reflected in a crime statistics chart in the University's Annual Security and Fire Safety Report (ASFSR).

This annual report includes statistics on reported crimes, arrests and referrals for violations that occur on campus, on non-campus University property and on public property contiguous to campus boundaries that are reported to Campus Security Authorities, local and state police agencies and crimes reported directly to UPD. All reported violations that have taken place in these designated areas during the previous three calendar years, whether or not the crime involved a WBU student, faculty, or staff member, are reflected in the ASFSR. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported.

WBU submits the annual crime statistics published in the ASFSR to the Department of Education (ED). The statistical information gathered by the Department of Education is available to the public through the ED website.

The ASFSR is made available upon request to prospective students and employees as well as current students, faculty, and staff and all of these persons are notified of the report's availability.

Timely Warning

The Wayland Baptist University Campus Executive Director in conjunction with the (WBU) Police Department (UPD) Chief of Police or a designee will develop the contents of a timely warning notice (called Crime Alerts) for the University community to notify members of the community about a serious crime that occurs on campus, in non-campus property or on public property that is immediately adjacent to the campus, where it is determined that the crime may pose a serious or continuing threat to members of the WBU community. These warnings will be distributed if the crime is reported either to UPD directly or to UPD indirectly through a campus security authority or any local police agency. Crime Alerts will be issued on a case-by-case basis based on the information received by UPD. Information that might compromise law enforcement efforts would not be included in the crime alert.

The department issues/posts Crime Alerts for incidents of:

• Murder/Non-Negligent Manslaughter

• Aggravated assault (cases involving assaults among known parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case by case basis to determine if the individual is believed to be an on-going threat to the larger WBU community)

• Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Crime Alert, but will be assessed on a case by case basis)

• Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the UPD). In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a "timely" warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice.

• Major incidents of arson

• Other Clery crimes as determined necessary by the Chief of Police, or his designee in his absence

Crime Alerts may also be posted for other crimes, classifications and locations, even though that is not required by the law, at the sole discretion of WBU.

A timely warning notice will typically include the following, unless issuing any of this information would risk compromising law enforcement efforts:

• Date and time or timeframe of the incident

• A brief description of the incident

• Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips).

• Suspect description(s) when deemed appropriate and if there is sufficient detail (see below)

• Police/Public Safety agency contact information

• Other information as deemed appropriate by the Chief or his/her designee

The description of subjects in a case will only be included in the alert if there is a sufficient amount of detail to describe the individual. If the only known descriptors are sex and race, that will not be included in the alert.

Crime Alerts are distributed by sending a blast email to the University community, including all students and employees. Typically, the Campus Executive Director in conjunction with the Vice President for Enrollment Management develops the content and approves the distribution of a Crime Alert, but the Chief of Police has the authority to distribute it if the VP is unavailable. The Chief of Police has the authority to develop the contents and to send the email to the WBU community. Periodically, other senior administrators may be involved in assisting the Chief of Police in the development of the contents of a Crime Alert, depending on the circumstances of the crime.

Updates to the WBU community about any particular case resulting in a crime alert also may be distributed electronically via blast email.

Timely Warning Notices will be distributed as soon as pertinent information is available, in a manner that withholds the names of victims as confidential, and with the goal of aiding in the prevention of similar occurrences.

WBU is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor.

The department does not issue Crime Alerts for the above listed crimes if:
1. The department apprehends the subject(s) and the threat of imminent danger to members of the WBU community have been mitigated by the apprehension.
2. If a report was not filed with UPD or if a local police agency was not notified of the crime in a manner that would allow the department to post a "timely" warning for the community. A general guideline will include a report that is filed more than fourteen days after the date of the alleged incident may not allow UPD to post a "timely" warning to the community. This type of situation will be evaluated on a case by case basis.
3. If the threat was mitigated in some other manner.

Emergency Response and Evacuation Procedures

Emergency Notifications

The Wayland Baptist University (WBU) Campus Executive Director, Police Department, Vice President of Enrollment Management, the Executive Director of Information Technology and/or the (UPD) Chief of Police or their designee will develop an emergency notification by determining the content of a message

mergency

The Campus Executive Director/Site coordinator, Vice President of Enrollment Management, the Executive Director of Information Technology and/or Chief of Police or their designee has the authority to initiate the notification systems and will determine the appropriate segment(s) of the community that will receive the notification based on the segments of the community that are potentially affected by the emergency. If the entire community could be affected, the notification will be sent to all students and employees.

The Vice President of Enrollment Management, the Executive Director of Information Technology and/or Chief of Police or their designee will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders (including, but not limited to: UPD, Local Police Department, Local Fire Department, and the Department of Public Safety, compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

WBU has various systems in place for communicating information quickly to the WBU community, including:

1. Network emails (Students, Faculty and Staff)

2. Pioneer Alert (text message)

3. Pioneer Alert (mobile phone)

4. Pioneer Alert (land line phone)

5. Pioneer Alert (email)

6. Pioneer Alert (social media)

7. Department of Marketing and Communications (media releases and website notifications)

Campus Access and Security of Campus Facilities

WBU is a private institution but the campus is open and accessible to students, employees and visitors during normal business hours. Some facilities are open in the evenings and on weekends, depending on the schedule of events. No effort is made to restrain the general public and visitors from entering the campus facilities when they are open. However, the University reserves the right to bar individuals who are considered a threat to the well-being of the University community.

Considerations in the Maintenance of Campus Facilities

WBU maintains campus facilities in a manner that minimizes hazardous and unsafe conditions. The campus is routinely inspected for environmental safety hazards such as insufficient lighting and overgrown shrubbery. Parking lots and pathways are illuminated with lighting. Wayland staff work to address burned out lights promptly as well as malfunctioning door locks or other physical conditions that enhance security. Other members of the University community are helpful when they report equipment problems to the Campus Executive Director/Site Coordinator.

Drug and Alcohol Policies and Enforcement

State and Federal statutes concerning alcoholic beverages and underage drinking will be strictly enforced by local law enforcement on the Wayland Baptist University campus and at off-campus WBU sponsored events. In addition to these statutes, Wayland Baptist University adheres to a high standard of moral conduct which includes prohibition of the use, possession, or distribution of alcohol or illegal drugs by students on university owned or controlled property or in conjunction with any university activity. The university may take action against students for off-campus use, possession or distribution of alcohol or controlled substances if deemed appropriate by university officials

Students and employees should report any criminal offense for the purpose of making timely warning notices (Crime Alerts) and annual statistical disclosures to the Campus Executive Director or Site Coordinator. You may also make an anonymous report of criminal activity on the Wayland website Silent Witness report form at: https://www.wbu.edu/university-police/silent-witness-crime-report.htm

Although statistical information is requested annually from law enforcement agencies with jurisdiction at the WBU campus/site and other owned and controlled property, Wayland also requests notification of the incident for follow-up and documentation purposes. Non-emergencies may be reported to the Site Coordinator or campus Executive Director.

All Wayland Baptist University (WBU) Campus Security Authorities (CSA) are required to report crimes (violations of federal, state and local laws) to UPD. All Campus Executive Directors and Site Coordinators are CSAs. These crimes as well as any public safety related incidents or emergencies must be promptly reported by the CSA to the University Police Department (UPD) for appropriate response, investigation or disposition.

Confidential Reporting

Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can be made to any campus security authorities (the primary CSAs as identified in the Reporting and Disclosure Procedures above). However, some of the CSAs are also Responsible Employees under Title IX, and they are obligated to share reported information involving sexual misconduct, domestic/dating violence and stalking, including information about the identity of the victim and accused, with the Title IX Administrator. Reports to professional and pastoral counselors can be kept confidential. Professional and pastoral counselors are encouraged to inform their clients, as and when they deem it appropriate, of the procedures to confidentially report crimes to primary CSAs, when they deem it appropriate.

Response to Reports of Criminal Actions or Other Emergencies

Base Security Forces are available 24 hours a day to answer your calls by dialing (623) 856-6911 or 911. In response to a call, Security Forces will take the required action, either dispatching an officer or asking the victim to report to the Base Security Forces Station to file an incident report. University officials will investigate a report when it is deemed appropriate. Additional information obtained via the investigation will also be forwarded to the Executive Director of Student Services. Incident reports involving sexual misconduct, domestic/dating violence and stalking will also be forwarded to the Title IX Administrator for review and potential action under the Title IX policy. If assistance is required from the local Police Department or the local Fire Department, Wayland officials will contact the appropriate unit. If a sexual

assault or rape should occur, staff on the scene, will inform the victim a wide variety of services available, online at: https://www.wbu.edu/about/title-ix/index.htm

Reporting Crimes for Timely Warnings, Reports and the Annual Statistical Disclosure

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the University community obtained from various sources. An annual training and campus-wide e-mail notification is sent from the Chief of Police to notify CSA's of their responsibility to report crimes to UPD and to gather crime information from them. As stated in the Confidential Reporting section above, reports of crimes that are reported confidentially to CSAs are compiled and coordinated through the University Police Department.

If the local or state police agency provides WBU with information about a crime, each Clery reportable crime, whether or not a formal police report is filed or an investigation ensues, is reflected in a crime statistics chart in the University's Annual Security and Fire Safety Report (ASFSR).

This annual report includes statistics on reported crimes, arrests and referrals for violations that occur on campus, on non-campus University property and on public property contiguous to campus boundaries that are reported to Campus Security Authorities, local and

• Aggravated assault (cases involving assaults among known parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case by case basis to determine if the individual is believed to be an on-going threat to the larger WBU community)

• Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Crime Alert, but will be assessed on a case by case basis)

• Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the UPD). In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a "timely" warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice.

• Major incidents of arson

• Other Clery crimes as determined necessary by the Chief of Police, or his designee in his absence

Crime Alerts may also be posted for other crimes, classifications and locations, even though that is not required by the law, at the sole discretion of WBU.

A timely warning notice will typically include the following, unless issuing any of this information would risk compromising law enforcement efforts:

• Date and time or timeframe of the incident

• A brief description of the incident

• Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips).

• Suspect description(s) when deemed appropriate and if there is sufficient detail (see below)

• Police/Public Safety agency contact information

• Other information as deemed appropriate by the Chief or his/her designee

The description of subjects in a case will only be included in the alert if there is a sufficient amount of detail to describe the individual. If the only known descriptors are sex and race, that will not be included in the alert.

Crime Alerts are distributed by sending a blast email to the University community, including all students and employees. Typically, the Campus Executive Director in conjunction with the Vice President for Enrollment Management develops the content and approves the distribution of a Crime Alert, but the Chief of Police has the authority to distribute it if the VP is unavailable. The Chief of Police has the authority to develop the contents and to send the email to the WBU community. Periodically, other senior administrators may be involved in assisting the Chief of Police in the development of the contents of a Crime Alert, depending on the circumstances of the crime.

Updates to the WBU community about any particular case resulting in a crime alert also may be distributed electronically via blast email.

Timely Warning Notices will be distributed as soon as pertinent information is available, in a manner that withholds the names of victims as confidential, and with the goal of aiding in the prevention of similar occurrences.

WBU is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor.

The department does not issue Crime Alerts for the above listed crimes if:
1. The department apprehends the subject(s) and the threat of imminent danger to members of the WBU community have been mitigated by the apprehension.
2. If a report was not filed with UPD or if a local police agency was not notified of the crime in a manner that would allow the department to post a "timely" warning for the community. A general guideline will include a report that is filed more than fourteen days after the date of the alleged incident may not allow UPD to post a "timely" warning to the community. This type of situation will be evaluated on a case by case basis.
3. If the threat was mitigated in some other manner.

Emergency Response and Evacuation Procedures

- Upon being notified about the emergency, occupants must:
  - Leave the building using the designated escape routes.
  - Assemble in the designated area (specify location):
  - Remain outside until the competent authority (Designated Official or designee) announces that it is safe to reenter.
  - Designated Official, Emergency Coordinator or supervisors must:
    - Disconnect utilities and equipment unless doing so jeopardizes his/her safety.
    - Coordinate an orderly evacuation of personnel.
    - Perform an accurate head count of personnel reported to the designated area.
    - Determine a rescue method to locate missing personnel.
    - Provide the Fire Department personnel with the necessary information about the facility.
    - Perform assessment and coordinate weather forecast office emergency closing procedures
  - Area/Floor Monitors must:
    - Ensure that all employees have evacuated the area/floor.
    - Report any problems to the Emergency Coordinator at the assembly area.
  - Assistants to Physically Challenged should:
    - Assist all physically challenged employees in emergency evacuation.

Emergency Notifications

The Wayland Baptist University (WBU) Campus Executive Director, Military Security Forces, Police Department, Vice President of Enrollment Management, the Executive Director of Information Technology and/or the (UPD) Chief of Police or their designee will develop an emergency notification by determining the content of a message that will be used to notify members of the community immediately upon confirmation of a significant emergency of dangerous situation, such as serious crime-in-progress, a natural disaster, a manmade emergency or other emergency that poses an immediate threat to the health and safety of the WBU community or a segment of the community.

If the institution utilizes the procedures regarding notification of the WBU community of an immediate threat, the institution is not obligated to utilize the timely warning notice procedures, however the institution will provide adequate follow-up information as needed.

The notification will be distributed if the incident is reported either to UPD directly or to UPD indirectly through a campus security authority, any local police agency or other appropriate agency.

Wayland personnel, potentially including the Campus Executive Director/site Coordinator, Vice President of Enrollment Management, Executive Director of Information Technology and/or Chief of Police or their designee, has a responsibility to respond to such incidents to determine if the situation does in fact pose an immediate threat to the community as well as determine the need for emergency notification.

The Campus Executive Director/Site coordinator, Vice President of Enrollment Management, the Executive Director of Information Technology and/or Chief of Police or their designee has the authority to initiate the notification systems and will determine the appropriate segment(s) of the community that will receive the notification based on the segments of the community that are potentially affected by the emergency. If the entire community could be affected, the notification will be sent to all students and employees.

The Vice President of Enrollment Management, the Executive Director of Information Technology and/or Chief of Police or their designee will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders (including, but not limited to: UPD, Local Police Department, Local Fire Department, and the Department of Public Safety, compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

WBU has various systems in place for communicating information quickly to the WBU community, including:

1. Network emails (Students, Faculty and Staff)

2. Pioneer Alert (text message)

3. Pioneer Alert (mobile phone)

4. Pioneer Alert (land line phone)

5. Pioneer Alert (email)

6. Pioneer Alert (social media)

7. Department of Marketing and Communications (media releases and website notifications)

Campus Access and Security of Campus Facilities

The Education Center is open and accessible to students, employees and visitors during normal business hours. Some facilities are open in the evenings and weekends, depending on the schedule of events. No effort is made to restrain the general public visitors from entering the campus facilities when they are open. However, Base Security Personnel reserves the right to bar individuals who are considered a threat to the well-being of the military community.

Considerations in the Maintenance of Campus Facilities

WBU is a guest to the on-base education center. Luke AFB Community Commander and Base Security maintain Education Center facilities in a manner that minimizes hazardous and unsafe conditions. The Education Center is routinely inspected for environmental safety hazards such as insufficient lighting and overgrown shrubbery. Parking lots and pathways are illuminated with lighting. Luke Community, Maintenance staff and Base Security work to address burned out lights promptly as well as malfunctioning door locks or other physical conditions that enhance security and report problems to the Campus Executive Director/Site Coordinator. Other members of the University community are helpful when they report equipment problems to the Campus Executive Director/Site Coordinator.

Sex Offender Information

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteers services or is a student.

Confidential Reporting

Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can be made to any campus security authorities (the primary CSAs as identified in the Reporting and Disclosure Procedures above). However, some of the CSAs are also Responsible Employees under Title IX, and they

staff on the scene, will inform the victim about a variety of services available, online at: https://www.wbu.edu/about/title-ix/index.htm.

Reporting Crimes for Timely Warnings, Reports and the Annual Statistical Disclosure

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the University community obtained from various sources. An annual training and campus-wide e-mail notification is sent from the Chief of Police to notify CSA's of their responsibility to report crimes to UPD and to gather crime information from them. As stated in the Confidential Reporting section above, reports of crimes that are reported confidentially to CSAs are compiled and coordinated through the University Police Department.

If the local or state police agency provides WBU with information about a crime, each Clery reportable crime, whether or not a formal police report is filed or an investigation ensues, is reflected in a crime statistics chart in the University's Annual Security and Fire Safety Report (ASFSR).

This annual report includes statistics on reported crimes, arrests and referrals for violations that occur on campus, on non-campus University property and on public property contiguous to campus boundaries that are reported to Campus Security Authorities, local and state police agencies and crimes reported directly to UPD. All reported violations that have taken place in these designated areas during the pre.0004 Tc 0vuurces(

• Aggravated assault (cases involving assaults among known parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case by case basis to determine if the individual is believed to be an on-going threat to the larger WBU community)

• Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Crime Alert, but will be assessed on a case by case basis)

• Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the UPD). In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a "timely" warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice.

• Major incidents of arson

• Other Clery crimes as determined necessary by the Chief of Police, or his designee in his absence

Crime Alerts may also be posted for other crimes, classifications and locations, even though that is not required by the law, at the sole discretion of WBU.

A timely warning notice will typically include the following, unless issuing any of this information would risk compromising law enforcement efforts:

• Date and time or timeframe of the incident

• A brief description of the incident

• Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips).

• Suspect description(s) when deemed appropriate and if there is sufficient detail (see below)

• Police/Public Safety agency contact information

• Other information as deemed appropriate by the Chief or his/her designee

The description of subjects in a case will only be included in the alert if there is a sufficient amount of detail to describe the individual. If the only known descriptors are sex and race, that will not be included in the alert.

Crime Alerts are distributed by sending a blast email to the University community, including all students and employees. Typically, the Campus Executive Director in conjunction with the Vice President for Enrollment Management develops the content and approves the distribution of a Crime Alert, but the Chief of Police has the authority to distribute it if the VP is unavailable. The Chief of Police has the authority to develop the contents and to send the email to the WBU community. Periodically, other senior administrators may be involved in assisting the Chief of Police in the development of the contents of a Crime Alert, depending on the circumstances of the crime.

Updates to the WBU community about any particular case resulting in a crime alert also may be distributed electronically via blast email.

Timely Warning Notices will be distributed as soon as pertinent information is available, in a manner that withholds the names of victims as confidential, and with the goal of aiding in the prevention of similar occurrences.

WBU is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor.

The department does not issue Crime Alerts for the above listed crimes if:
1. The department apprehends the subject(s) and the threat of imminent danger to members of the WBU community have been mitigated by the apprehension.
2. If a report was not filed with UPD or if a local police agency was not notified of the crime in a manner that would allow the department to post a "timely" warning for the community. A general guideline will include a report that is filed more than fourteen days after the date of the alleged incident may not allow UPD to post a "timely" warning to the community. This type of situation will be evaluated on a case by case basis.
3. If the threat was mitigated in some other manner.

Police or their designee will develop an emergency notification by determining the content of a message that will be used to notify members of the community immediately upon confirmation of a significant emergency of dangerous situation, such as serious crime-in-progress, a natural disaster, a manmade emergency or other emergency that poses an immediate threat to the health and safety of the WBU community or a segment of the community.

If the institution utilizes the procedures regarding notification of the WBU community of an immediate threat, the institution is not obligated to utilize the timely warning notice procedures, however the institution will provide adequate follow-up information as needed.

The types of incidents that may cause an immediate threat to the WBU community could include but are not limited to emergencies such as: natural disaster/severe weather event, an active shooter on campus, hostage/barricade situation, a riot, suspicious package with confirmation of a device, a fire/explosion, suspicious death, structural damage to a WBU owned or controlled facility, biological threat (anthrax, etc.), significant flooding, a gas leak, hazardous materials spill, etc.

The notification will be distributed if the incident is reported either to UPD directly or to UPD indirectly through a campus security authority, any local police agency or other appropriate agency.

Wayland personnel, potentially including the Campus Executive Director/site Coordinator, Vice President of Enrollment Management, Executive Director of Information Technology and/or Chief of Police or their designee, has a responsibility to respond to such incidents to determine if the situation does in fact pose an immediate threat to the community as well as determine the need for emergency notification.

The Campus Executive Director/Site coordinator, Vice President of Enrollment Management, the Executive Director of Information Technology and/or Chief of Police or their designee has the authority to initiate the notification systems and will determine the appropriate segment(s) of the community that will receive the notification based on the segments of community that are potentially affected by the emergency. If the entire community could be affected, the notification will be sent to all students and employees.

The Vice President of Enrollment Management, the Executive Director of Information Technology and/or Chief of Police or their designee will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders (including, but not limited to: UPD, Local Police Department, Local Fire Department, and the Department of Public Safety, compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Response to Reports of Criminal Actions or Other Emergencies
Wayland Baptist University – San Antonio has an active plan of action to ensure preparedness for an emergency or disaster on or near the campus. It includes:

1. Evacuation and non-evacuation procedures including methods for notifying every building on campus of a tornado or other emergency situation.
2. An officially designated command group made of campus employees who will serve as a decision-making and directive-issuing body for the entire campus in emergency situations. However, the Vice President of Enrollment Management will act with authority to implement a plan for coping with imminent danger, such as an approaching tornado.
3. The communications group will inform the entire campus population of any plan of action chosen to deal with emergency situations.

Crime Alerts are distributed by sending a blast email to all the University community, including all students and employees. Typically, the Campus Executive Director in conjunction with the Vice President for Enrollment Management develops the content and approves the distribution of a Crime Alert. Periodically, other senior administrators may be involved in assisting in the development of the contents of a Crime Alert, depending on the circumstances of the crime. Updates to the WBU community about any particular case resulting in a crime alert also may be distributed electronically via blast email.

Timely Warning Notices will be distributed as soon as pertinent information is available, in a manner that withholds the names of victims as confidential, and with the goal of aiding in the prevention of similar occurrences.

The department does not issue Crime Alerts for the above listed crimes if:

1. The department apprehends the subject(s) and the threat of imminent danger for members of the WBU community have been mitigated by the apprehension.
2. A report was not filed with UPD or if a local police agency was not notified of the crime in a manner that would allow the department to post a "timely" warning for the community. A general guideline will include a report that is filed more than fourteen days after the date of the alleged incident may not allow UPD to post a "timely" warning to the community. This type of situation will be evaluated on a case by case basis.
3. If the threat was mitigated in some other manner.

Reporting Crimes for Timely Warnings, Reports and the Annual Statistical Disclosure

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the University community obtained from various sources. An annual training and campus-wide e-mail notification is sent from the Chief of Police to notify CSA's of their responsibility to report crimes to UPD and to gather crime information from them. As stated in the Confidential Reporting section above, reports of crimes that are reported confidentially to CSAs are compiled and coordinated through the University Police Department.

If the local or state police agency provides WBU with information about a crime, each Clery reportable crime, whether or not a formal police report is filed or an investigation ensues, is reflected in a crime statistics chart in the University's Annual Security and Fire Safety Report (ASFSR).

This annual report includes statistics on reported crimes, arrests and referrals for violations that occur on campus, on non-campus University property and public property contiguous to campus boundaries that are reported to Campus Security Authorities, local and state police agencies and crimes reported directly to UPD. All reported violations that have taken place in these designated areas during the previous three calendar years, whether or not the crime involved a WBU student, faculty, or staff member, are reflected in the ASFSR. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported.

WBU submits the annual crime statistics published in the ASFSR to the Department of Education (ED). The statistical information gathered by the Department of Education is available to the public through the ED website.

The ASFSR is made available upon request to prospective students and employees as well as current students, faculty, and staff and all of these persons are notified of the report's availability.

Timely Warning

The Wayland Baptist University Campus Executive Director in conjunction with the WBUPD Chief of Police or a designee will develop the contents of a timely warning notice (called Crime Alerts) for the University community to notify members of the community about a serious tlynotif designee w thnrop thatious s ou

• Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Crime Alert, but will be assessed on a case by case basis)

• Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the UPD). In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a “timely” warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice.

• Major incidents of arson

• Other Clery crimes as determined necessary by the Chief of Police, or his designee in his absence

Crime Alerts may also be posted for other crimes, classifications and locations, even though that is not required by the law, at the sole discretion of WBU.

A timely warning notice will typically include the following, unless issuing any of this information would risk compromising law enforcement efforts:

• Date and time or timeframe of the incident

• A brief description of the incident

• Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips).

• Suspect description(s) when deemed appropriate and if there is sufficient detail (see below)

• Police/Public Safety agency contact information

• Other information as deemed appropriate by the Chief or his/her designee

The description of subjects in a case will only be included in the alert if there is a sufficient amount of detail to describe the individual. If the only known descriptors are sex and race, that will not be included in the alert.

Crime Alerts are distributed by sending a blast email to the University community, including all students and employees. Typically, the Campus Executive Director in conjunction with the Vice President for

WBU is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor.

The department does not issue Crime Alerts for the above listed crimes if:
1. The department apprehends the subject(s) and the threat of imminent danger to members of the WBU community have been mitigated by the apprehension.
2. If a report was not filed with UPD or if a local police agency was not notified of the crime in a manner that would allow the department to post a "timely" warning for the community. A general guideline will include a report that is filed more than fourteen days after the date of the alleged incident may not allow UPD to post a "timely" warning to the community. This

through voice message, e-mail, and text message. Examples of when off-site notification may be necessary are winter storms and ice, approaching hurricane or tropical storm, intense heat wave, power failure, heat or cooling failure, or heavy rain and potential active crisis situations to include any crime in progress. News media notification is when this occurs when a situation develops at any time requiring mass communication throughout the community by all means available, including television, radio, web site, and newspaper. It is done when mass notification of the public in general is needed. The Notification Team upon being directed by the senior member of the Crisis Management Team able to make the decision will begin this process.

The second step is to physically go to each room in the building making the announcement, all the while considering that it may not be possible to reach every room in some situations.

Communication Logs
All members of the Crisis Management Team and Notification Team will keep an accurate log of all calls received and other contact made during the crisis to include all notes, memos, and news releases.

Considerations in the Maintenance of Campus Facilities

WBU maintains campus facilities in a manner that minimizes hazardous and unsafe conditions.

Alaska State law does not currently include a definition for dating violence. However, Alaska's definition of domestic violence includes individuals who are in current and former dating relationships.

Sexual Assault:

Under Alaska state law, sexual penetration and sexual contact of another person without consent is sexual assault and can occur under a variety of circumstances, including:

• Engaging in sexual penetration or contact with someone without consent of the person;

• Attempting to engage in sexual penetration with someone without consent of the person, causing serious physical injury as a result;

• Engaging in sexual penetration or contact with someone known to be mentally incapable or unaware, or while in certain legal or professional relationships with the person;

• Engaging or attempting to engage in sexual penetration or sexual contact with someone who is incapacitated, or temporarily incapable of appraising the nature of one's own conduct or physically unable to express unwillingness to act.

The Alaska Statutes on sexual assault are found in AS 11.41.410 – 11.41.470.

Stalking:

Under Alaska law, it is illegal for another person to knowingly engage in a course of conduct that recklessly places you or someone else in fear of death or physical injury to either yourself or a member of your family. A course of conduct is repeated acts of

Members of Wayland Baptist University are encouraged to report crimes or emergencies occurring on campus, in/on property owned and controlled by WBU, as well as crimes on public property running through or immediately adjacent to the campus to the Campus Executive Director/Site Coordinator. Always remember in cases of eminent danger and emergency, you are advised to dial 911 for local police assistance.

Crimes occurring in other locations should be reported to the local police department with jurisdiction at the location of the crime. If the correct local police department is unknown, dial 911, and the city/county dispatchers will connect you with the appropriate law enforcement agency.

Students and employees should report any criminal offense for the purpose of making timely warning notices (Crime Alerts) and annual statistical disclosure to the Campus Executive Director or Site Coordinator. You may also make an anonymous report of criminal activity on the Wayland website Silent Witness report form at: https://www.wbu.edu/university-police/silent-witness-crime-report.htm.

Although statistical information is requested annually from law enforcement agencies with jurisdiction at the WBU campus/site and other owned and controlled property, Wayland also requests notification of the incident for follow-up and documentation purposes. Non-emergencies may be reported to the Site Coordinator or campus Executive Director.

All Wayland Baptist University (WBU) Campus Security Authorities (CSA) are required to report crimes (violations of federal, state and local laws) to UPD. All Campus Executive Directors and Site Coordinators are CSAs. These crimes as well as any public safety related incidents or emergencies must be promptly reported by the CSA to the University Police Department (UPD) for appropriate response, investigation or disposition.

Confidential Reporting

Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can be made to any campus security authorities (the primary CSAs as identified in the Reporting and Disclosure Procedures above). However, some of the CSAs also are Responsible Employees under Title IX, and they are obligated to share reported information involving sexual misconduct, domestic/dating violence and stalking, including information about the identity of the victim and accused, with the Title IX Administrator. Reports to professional and pastoral counselors can be kept confidential. Professional and pastoral counselors are encouraged to inform their clients, as and when they deem it appropriate, of the procedures to confidentially report crimes to primary CSAs, when they deem it appropriate.

Response to Reports of Criminal Actions or Other Emergencies

Base Police are available 24 hours a day to answer calls by dialing (808) 474-2222 or 911. In response to a call, Base Police will take the required action, either dispatching an officer or asking the victim to report to the Local Police Department to file an incident report. University officials will investigate a report when it is deemed appropriate. Additional information obtained via the investigation will also be forwarded to the Hawaii Campus Executive Director. Incident reports involving sexual

misconduct, domestic/dating violence and stalking will be forwarded to the Title IX Administrator for review and potential action under the Title IX Policy. If assistance is required from the local Police Department or the local Fire Department, Wayland officials will contact the appropriate unit. If a sexual assault or rape should occur, staff on the scene, will inform the victim a wide variety of services available, online at:

The department issues/posts Crime Alerts for incidents of:

• Murder/Non-Negligent Manslaughter

• Aggravated assault (cases involving assaults among known parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case by case basis to determine if the individual is believed to be an on-going threat to the larger WBU community)

• Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Crime Alert, but will be assessed on a case by case basis)

• Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the UPD). In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a “timely” warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice.

• Major incidents of arson

• Other Clery crimes as determined necessary by the Chief of Police, or his designee in his absence

Crime Alerts may also be posted for other crimes, classifications and locations, even though that is not required by the law, at the sole discretion of WBU.

A timely warning notice will typically include the following, unless issuing any of this information would risk compromising law enforcement efforts:

• Date and time or timeframe of the incident

• A brief description of the incident

• Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips).

• Suspect description(s) when deemed appropriate and if there is sufficient detail (see below)

Emergency Notifications

The Wayland Baptist University (WBU) Campus Executive Director, Military Police, Police Department, Vice President of Enrollment Management, the Executive Director of Information Technology and/or the (UPD) Chief of Police or their designee will develop an emergency notification by determining the content of a message that will be used to notify members of the community immediately upon confirmation of a significant emergency of dangerous situation, such as serious crime-in-progress, a natural disaster, a manmade emergency or other emergency that poses an immediate threat to the health and safety of the WBU community or a segment of the community.

If the institution utilizes the procedures regarding notification of the WBU community of an immediate threat, the institution is not obligated to utilize the timely warning notice procedures, however the institution will provide adequate follow-up information as needed.

The types of incidents that may cause an immediate threat to the WBU community could include but are not limited to emergencies such as: natural disaster/severe weather event, an active shooter on campus, hostage/barricade situation, a riot, suspicious package with confirmation of a device, a fire/explosion, suspicious death, structural damage to a WBU owned or controlled facility, biological threat (anthrax, etc.), significant flooding, a gas leak, hazardous materials spill, etc.

Sex Offender Information

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteers services or is a student.

Reporting Crimes for Timely Warnings, Reports and the Annual Statistical Disclosure

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the University community obtained from various sources. An annual training and campus-wide e-mail

• Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Crime Alert, but will be assessed on a case by case basis)

• Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the UPD). In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a “timely” warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice.

• Major incidents of arson

• Other Clery crimes as determined necessary by the Chief of Police, or his designee in his absence

Crime Alerts may also be posted for other crimes, classifications and locations, even though that is not required by the law, at the sole discretion of WBU.

A timely warning notice will typically include the following, unless issuing any of this information would risk compromising law enforcement efforts:

• Date and time or timeframe of the incident

• A brief description of the incident

• Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips).

• Suspect description(s) when deemed appropriate and if there is sufficient detail (see below)

• Police/Public Safety agency contact information

• Other information as deemed appropriate by the Chief or his/her designee

The description of subjects in a case will only be included in the alert if there is a sufficient amount of detail to describe the individual. If the only known descriptors are sex and race, that will not be included in the alert.

Crime Alerts are distributed by sending a blast email to the University community, including all students and employees. Typically, the Campus Executive Director in conjunction with the Vice President for

WBU is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor.

The department does not issue Crime Alerts for the above listed crimes if:
1. The department apprehends the subject(s) and the threat of imminent danger to members of the WBU community have been mitigated by the apprehension.
2. If a report was not filed with UPD or if a local police agency was not notified of the crime in a manner that would allow the department to post a "timely" warning for the community. A general guideline will include a report that is filed more than fourteen days after the date of the alleged incident may not allow UPD to post a "timely" warning to the community. This type of situation will be evaluated on a case by case basis.
3. If the threat was mitigated in some other manner.

Emergency Response and Evacuation Procedures

The Crisis Management Team consists of all members of the Emergency Planning Committee and the Managers of Financial Aid, the Business Office, Bookstore, Academic Records and is responsible for making necessary decisions regarding any crisis and ensuring the proper notification of students, staff and faculty in the event of a situation. The Crisis Management Team will meet for training no less than once a calendar year, the time and date to be determined by the Executive Director; or when a new member is appointed that member will receive training within thirty (30) days following appointment of the position.

The Emergency Preparedness Planning team members are:

- Executive Director
- Assistant Executive Director
- Director of Student Services
- Campus Police Officer
- Head Custodian

The primary functions of the Crisis Management Team are:

- To determine the nature and seriousness of the emergency
- To determine the course of action necessary
- To issue appropriate instructions for the implementation of the plan of action

Emergency Notifications

- On-site notification – this occurs when a situation develops during the time period that classes are in session or the offices are open and staff present. It consists primarily of two actions: evacuate the building or remain in place or move to a safe location within the building. The decision will be made by the senior member of the Crisis Management Team available on site at the time the situation develops. Once a decision is made

personnel and students of weather, and personal safety emergencies. These notifications come through voice message, e-mail, and text messaging. Examples of when off-site notification may be necessary are winter storms and ice, approaching hurricane or tropical storm, intense heat wave, power failure, heat or cooling failure, heavy rain and potential active crisis situations to include any crime in progress. News media notification is used when this occurs when a situation develops at any time requiring mass communication throughout the community by all means available, including television, radio, web site, and newspaper. It is done when mass notification of the public in general is needed. The Notification Team upon being directed by the senior member of the Crisis Management Team able to make the decision will begin this process.

The second step is to physically go to each room in the building making the announcement, all the while considering that it may not be possible to reach every room in some situations.

Communication Logs
All members of the Crisis Management Team and Notification Team will keep an accurate log of all calls received and other contact made during the crisis to include all notes, memos, and news releases.

The Wayland Baptist University – San Antonio Campus Executive Director, Military Security Forces, Police Department, Vice President of Enrollment Management, the Executive Director of Information Technology and/or the (UPD) Chief of Police or their designee will develop an emergency notification by determining the content of a message that will be used to notify members of the community immediately upon confirmation of a significant emergency of dangerous situation, such as serious crime-in-progress, a natural disaster, a manmade emergency or other emergency that poses an immediate threat to the health and safety of the WBU community or a segment of the community.

If the institution utilizes the procedures regarding notification of the WBU community of an immediate threat, the institution is not obligated to utilize the timely warning notice procedures, however the institution will provide adequate follow-up information as needed.

The types of incidents that may cause an immediate threat to the WBU community could include but are not limited to emergencies such as: natural disaster, weather event, an active shooter on campus, hostage/barricade situation, a riot, suspicious package with confirmation of a device, a fire/explosion, suspicious death, structural damage to a WBU owned or controlled facility, biological threat (anthrax, etc.), significant flooding, a gas leak, hazardous materials spill, etc.

The notification will be distributed if the incident is reported either to UPD directly or to UPD indirectly through a campus security authority, any local police agency or other appropriate agency.

Wayland personnel, potentially including the Campus Executive Director/site Coordinator, Vice President of Enrollment Management, Executive Director of Information Technology and/or Chief of Police or their designee, has a responsibility to respond to such incidents to determine if the situation does in fact pose an immediate threat to the community as well as determine the need for emergency notification.

The Campus Executive Director/Site coordinator, Vice President of Enrollment Management, the Executive Director of Information Technology and/or Chief of Police or their designee has the authority to initiate the notification systems and will determine the appropriate segment(s) of the community that will receive the notification based on the segments of the community that are potentially affected by the

Members of Wayland Baptist University are encouraged to report crimes or emergencies occurring on campus, in/on property owned and controlled by WBU, as well as crimes on public property running through or immediately adjacent to the campus to the Campus Security at (210) 667-8799 and the Campus Executive Director/Site Coordinator. Always remember in cases of eminent danger and emergency, you are advised to dial 911 for local police assistance.

Students and employees should report any criminal offense for the purpose of making timely warning notices (Crime Alerts) and annual statistical disclosure to the Campus Executive Director or Site Coordinator. An anonymous report of criminal activity may be made on the Wayland website Silent Witness report form at https://www.wbu.edu/university-police/silent-witness-crime-report.htm

Although statistical information is requested annually from law enforcement agencies with jurisdiction at the WBU campus/site and other owned and controlled property, Wayland also requests notification of the incident for follow-up and documentation purposes. Non-emergencies may be reported to the Site Coordinator or campus Executive Director.

All Wayland Baptist University (WBU) Campus Security Authorities (CSA) are required to report crimes (violations of federal, state and local laws) to UPD. Campus Executive Directors and Site Coordinators are CSAs. These crimes as well as any public safety related incidents or emergencies must be promptly reported by the CSA to the University Police Department (UPD) for appropriate response, investigation or disposition.

A timely warning notice will typically include the following, unless issuing any of this information would risk compromising law enforcement efforts:

• Date and time or timeframe of the incident

• A brief description of the incident

• Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips).

Crime Alerts are distributed by sending a blast email to the University community, including all students and employees. Typically, the Campus Executive Director in conjunction with the Vice President for

WBU is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor.

The department does not issue Crime Alerts for the above listed crimes if:
1. The department apprehends the subject(s) and the threat of imminent danger to members of the WBU community have been mitigated by the apprehension.
2. If a report was not filed with UPD or if a local police agency was not notified of the crime in a manner that would allow the department to post a "timely" warning for the community. A general guideline will include a report that is filed more than fourteen days after the date of the alleged incident may not allow UPD to post a "timely" warning to the community. This type of situation will be evaluated on a case by case basis.

Emergency Response and Evacuation Procedures

The Crisis Management Team consists of all members of the Emergency Planning Committee and the Managers of Financial Aid, the Business Office, Bookstore, Academic Records and is responsible for making necessary decisions regarding any crisis and ensuring the proper notification of students, staff and faculty in the event of a situation. The Crisis Management Team will meet for training no less than once a calendar year, the time and date to be determined by the Executive Director; or when a new member is appointed that member will receive training within thirty (30) days following appointment of the position.

The Emergency Preparedness Planning team members are:

- Executive Director
- Assistant Executive Director
- Director of Student Services
- Campus Police Officer
- Head Custodian

The primary functions of the Crisis Management Team are:

- To determine the nature and seriousness of the emergency
- To determine the course of action necessary
- To issue appropriate instructions for the implementation of the plan of action

Emergency Notifications

- On-site notification – this occurs when a situation develops during the time period that classes are in session or the offices are open and staff present. It consists primarily of two actions: evacuate the building or remain in place or move to a safe location within the building. The decision will be made by the senior member of the Crisis Management Team available on site at the time the situation develops. Once a decision is made, the Notification Team will sound the alert throughout the building. The first step is to use the telephone intercom announcement system. These procedures are spelled out in detail in the Emergency Preparedness Plan- 4, Wayland Baptist University – San Antonio Campus 12/1/2014.
- Off-site notification – this occurs when a situation develops during the time period that classes are not in session or the offices are closed and the building is not occupied. It is to rapidly inform personnel and students of weather, and personal safety emergencies. These notifications come

through voice message, e-mail, and text message. Examples of when off-site notification may be necessary are winter storms and ice, approaching hurricane or tropical storm, intense heat wave, power failure, heat or cooling failure, or heavy rain and potential active crisis situations to include any crime in progress. News media notification is used when this occurs when a situation develops at any time requiring mass communication throughout the community by all means available, including television, radio, web site, and newspaper. It is done when mass notification of the public in general is needed. The Notification Team upon being directed by the senior member of the Crisis Management Team able to make the decision will begin this process.

The second step is to physically go to each room in the building making the announcement, all the while considering that it may not be possible to reach every room in some situations.

Communication Logs

All members of the Crisis Management Team and Notification Team will keep an accurate log of all calls received and other contact made during the crisis to include all notes, memos, and news releases.

The Wayland Baptist University (WBU) Campus Executive Director, Police Department, Vice President of Enrollment Management, the Executive Director of Information Technology and/or the (UPD) Chief of Police or their designee will develop an emergency notification by determining the content of a message that will be used to notify members of the community immediately upon confirmation of a significant emergency of dangerous situation, such as serious crime-in-progress, a natural disaster, a manmade emergency or other emergency that poses an immediate threat to the health and safety of the WBU community or a segment of the community.

If the institution utilizes the procedures regarding notification of the WBU community of an immediate threat, the institution is not obligated to utilize the timely warning notice procedures, however the institution will provide adequate follow-up information as needed.

The types of incidents that may cause an immediate threat to the WBU community could include but are not limited to emergencies such as: natural disaster/weather event, an active shooter on campus, hostage/barricade situation, a riot, suspicious package with confirmation of a device, a fire/explosion, suspicious death, structural damage to a WBU owned or controlled facility, biological threat (anthrax, etc.), significant flooding, a gas leak, hazardous materials spill, etc.

The notification will be distributed if the incident is reported either to UPD directly or to UPD indirectly through a campus security authority, any local police agency or other appropriate agency.

Wayland personnel, potentially including the Campus Executive Director/site Coordinator, Vice President of Enrollment Management, Executive Director of Information Technology and/or Chief of Police or their designee, has a responsibility to respond to such incidents to determine if the situation does in fact pose an immediate threat to the community as well as determine the need for emergency notification.

The Campus Executive Director/Site Coordinator, Vice President of Enrollment Management, the Executive Director of Information Technology and/or Chief of Police or their designee has the authority to initiate the notification systems and will determine the appropriate segment(s) of the community that will receive the notification based on the segments of the community that are potentially affected by the

This annual report includes statistics on reported crimes, arrests and referrals for violations that occur on campus, on non-campus University property and public property contiguous to campus boundaries that are reported to Campus Security Authorities, local and state police agencies and crimes reported directly to UPD. All reported violations that have taken place in these designated areas during the previous three calendar years, whether or not the crime involved a WBU student, faculty, or staff member, are reflected in the ASFSR. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported.

WBU submits the annual crime statistics published in the ASFSR to the Department of Education (ED). The statistical information gathered by the Department of Education is available to the public through the ED website.

The ASFSR is made available upon request to prospective students and employees as well as current students, faculty, and staff and all of these persons are notified of the report's availability.

UNFOUNDED CRIMES

If a crime is reported as occurring On-Campus, in or on Non-campus buildings or property, or on Public Property, and the reported crime is investigated by sworn or commissioned law enforcement authorities and found to be false or baseless, the crime is considered to be "unfounded."

Institutions must report the total number of: criminal offenses; hate crimes; and domestic violence, dating violence, or stalking incidents that have been unfounded.

The total number of unfounded crimes for the 2017 calendar year at this campus is 0.
The total number of unfounded crimes for the 2016 calendar year at this campus is 0.
The total number of unfounded crimes for the 2015 calendar year at this campus is 0.

Students and employees should report any criminal offense for the purpose of making timely warning notices (Crime Alerts) and annual statistical disclosure to the campus Executive Director or Site Coordinator. You may also make an anonymous report of criminal activity on the Wayland website Silent Witness report form at https://www.wbu.edu/university-police/silent-witness-crime-report.htm

Although statistical information is requested annually from law enforcement agencies with jurisdiction at the WBU campus/site and other owned and controlled property, Wayland also requests notification of the incident for follow-up and documentation purposes. Non-emergencies may be reported to the Site Coordinator or campus Executive Director.

All Wayland Baptist University (WBU) Campus Security Authorities (CSA) are required to report crimes (violations of federal, state and local laws) to UPD. Campus Executive Directors and Site Coordinators are CSAs. These crimes as well as any public safety related incidents or emergencies must be promptly reported by the CSA to the University Police Department (UPD) for appropriate response, investigation or disposition.

The Campus Security Authority guidelines and the ACSA crime report form are available online to report Clery crimes and can be located at https://www.wbu.edu/universityrpolice/csacrf.htm

Confidential Reporting

Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can be made to any campus security authorities (the primary CSAs are identified in the Reporting and Disclosure Procedures above). However, some of the CSAs also are Responsible Employees under Title IX, and they are obligated to share reported information involving sexual misconduct, domestic/dating violence and stalking, including information about the identity of the victim and accused, with the Title IX Administrator. Reports to professional and pastoral counselors can be kept confidential. Professional and pastoral counselors are encouraged to inform their clients, as and when they deem it appropriate, of the procedures to confidentially report crimes to primary CSAs, when they deem it appropriate.

Response to Reports of Criminal Actions or Other Emergencies

Base Military Police are available 24 hours a day to answer your calls by dialing (808) 655-0911 or 911. In response to a call, Military Police will take the required action, either dispatching an officer or asking the victim to report to the Military Police Station to file an incident report. University officials will investigate a report when it is deemed appropriate. Additional information obtained via the investigation will also be forwarded to the Hawaii Campus Executive Director. Incident reports involving sexual misconduct, domestic/dating violence and stalking will also be forwarded to the Title IX Administrator for review and potential action under the Title IX policy. If assistance is required from the local Police

Department or the local Fire Department, Wayland officials will contact the appropriate unit. If a sexual assault or rape should occur, staff on the scene, will inform the victim a wide variety of services available, online at: https://www.wbu.edu/about/title-ix/index.htm

Reporting Crimes for Timely Warnings Reports and the Annual Statistical Disclosure

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the University community obtained from various sources. An annual training and campus-wide e-mail notification is sent from the Chief of Police to notify CSA's of their responsibility to report crimes to UPD and to gather crime information from them. As stat

• Murder/Non-Negligent Manslaughter

• Aggravated assault (cases involving assaults among known parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case by case basis to determine if the individual is believed to be an on-going threat to the larger WBU community)

• Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Crime Alert, but will be assessed on a case by case basis)

• Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the UPD). In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a "timely" warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice.

• Major incidents of arson

• Other Clery crimes as determined necessary by the Chief of Police, or his designee in his absence

Crime Alerts may also be posted for other crimes, classifications and locations, even though that is not required by the law, at the sole discretion of WBU.

A timely warning notice will typically include the following, unless issuing any of this information would risk compromising law enforcement efforts:

• Date and time or timeframe of the incident

• A brief description of the incident

• Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips).

• Suspect description(s) when deemed appropriate and if there is sufficient detail (see below)

• Police/Public Safety agency contact information

• Other information as deemed appropriate by the Chief or his/her designee

The description of subjects in a case will only be included in the alert if there is a sufficient amount of detail to describe the individual. If the only known descriptors are sex and race, that will not be included in the alert.

Crime Alerts are distributed by sending a blast email to the University community, including all students and employees. Typically, the Campus Executive Director in conjunction with the Vice President for Enrollment Management develops the content and approves the distribution of a Crime Alert, but the Chief of Police has the authority to distribute it if the VP is unavailable. The Chief of Police has the authority to develop the contents and to send the email to the WBU community. Periodically, other senior administrators may be involved in assisting the Chief of Police in the development of the contents of a Crime Alert, depending on the circumstances of the crime.

Updates to the WBU community about any particular case resulting in a crime alert also may be distributed electronically via blast email.

Timely Warning Notices will be distributed as soon as pertinent information is available, in a manner that withholds the names of victims as confidential, and with the goal of aiding in the prevention of similar occurrences.

WBU is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor.

The department does not issue Crime Alerts for the above listed crimes if:
1. The department apprehends the subject(s) and the threat of imminent danger to members of the WBU community have been mitigated by the apprehension.
2. If a report was not filed with UPD or if a local police agency was not notified of the crime in a manner that would allow the department to post a "timely" warning for the community. A general guideline will include a report that is filed more than fourteen days after the date of the alleged incident may not allow UPD to post a "timely" warning to the community. This type of situation will be evaluated on a case by case basis.
3. If the threat was mitigated in some other manner.

Wayland personnel, potentially including the Campus Executive Director/site Coordinator, Vice President of Enrollment Management, Executive Director of Information Technology and/or Chief of Police or their designee, has a responsibility to respond to such incidents to determine if the situation does in fact pose an immediate threat to the community as well as determine the need for emergency notification.

The Campus Executive Director/Site coordinator, Vice President of Enrollment Management, the Executive Director of Information Technology and/or Chief of Police or their designee has the authority to initiate the notification systems and will determine the appropriate segment(s) of the community that will receive the notification based on the segments of the community that are potentially affected by the emergency. If the entire community could be affected, the notification will be sent to all students and employees.

The Vice President of Enrollment Management, the Executive Director of Information Technology and/or Chief of Police or their designee will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders (including, but not limited to: UPD, Local Police Department, Local Fire Department, and the Department of Public Safety, compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

WBU has various systems in place for communicating information quickly to the WBU community, including:

1. Network emails (Students, Faculty and Staff)

2. Pioneer Alert (text message)

3. Pioneer Alert (mobile phone)

4. Pioneer Alert (land line phone)

5. Pioneer Alert (email)

6. Pioneer Alert (social media)

Campus Access and Security of Campus Facilities

WBU is a private institution but the campus is open and accessible to students, employees and visitors during normal business hours. Some facilities are open in the evenings and on weekends, depending on the schedule of events. No effort is made to restrain the general public and visitors from entering the campus facilities when they are open. However, the University reserves the right to bar individuals who are considered a threat to the well-being of the University community.

Considerations in the Maintenance of Campus Facilities

WBU maintains campus facilities in a manner that minimizes hazardous and unsafe conditions. The campus is routinely inspected for environmental safety hazards such as insufficient lighting and overgrown shrubbery. Parking lots and pathways are illuminated with lighting. Wayland staff work to address burned out lights promptly as well as malfunctioning door locks or other physical conditions that

enhance security. Other members of the University community are helpful when they report equipment problems to the Campus Executive Director/Site Coordinator.

Monitoring and Recording of Criminal Activity by Students at Non-Campus Locations

The campus does not have student organizations with non-campus locations at this site.

Drug and Alcohol Policies and Enforcement

State and Federal statutes concerning alcoholic beverage and underage drinking will be strictly enforced by local law enforcement on the Wayland Baptist University campus and at off-campus WBU sponsored events. In addition to these statutes, Wayland Baptist University adheres to a high standard of moral

Reporting Criminal Actions or Other Emergencies

Members of Wayland Baptist University are encouraged to report crimes or emergencies occurring on campus, in/on property owned and controlled by WBU, as well as crimes on public property running through or immediately adjacent to the campus to the Campus Site Director at (956) 364-4656, Advisor at (956)-371-9545 and the Campus Executive Director at (210) 590-5630. In cases of eminent danger and emergency, personnel are advised to dial 911 for local police assistance.

Students and employees should report any criminal offense for the purpose of making timely warning notices (Crime Alerts) and annual statistical disclosures to the Campus Executive Director or Site Coordinator. An anonymous report of criminal activity may be made on the Wayland website Silent Witness report form at https://www.wbu.edu/universityrpolice/silentrwitnessrcrimerreport.htm

Although statistical information is requested annually from law enforcement agencies with jurisdiction at the WBU campus/site and other owned and controlled property, Wayland also requests notification of the incident for follow-up and documentation purposes. Non-emergencies may be reported to the Site Coordinator or campus Executive Director.

All Wayland Baptist University (WBU) Campus Security Authorities (CSA) are required to report crimes (violations of federal, state and local laws) to UPD. The Campus Executive Director, the Assistant Executive Director, and all Site Directors/Coordinators are CSAs. These crimes as well as any public safety related incidents or emergencies must be promptly reported by the CSA to the University Police Department (UPD) for appropriate response, investigation or disposition.

Confidential Reporting

Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can be made to any campus security authorities (the primary CSAs as identified in the Reporting and Disclosure Procedures above). However, some of the CSAs also are Responsible Employees under Title IX, and they are obligated to share reported information involving sexual misconduct, domestic/dating violence and

Reporting Crimes for Timely Warnings, Reports and the Annual Statistical Disclosure

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the University community obtained from various sources. An annual training and campus-wide e-mail notification is sent from the Chief of Police to notify CSA's of their responsibility to report crimes to UPD and to gather crime information from them. As stated in the Confidential Reporting section above, reports of crimes that are reported confidentially to CSAs are compiled and coordinated through the University Police Department.

If the local or state police agency provides WBU with information about a crime, each Clery reportable crime, whether or not a formal police report is filed or an investigation ensues, is reflected in a crime statistics chart in the University's Annual Security and Fire Safety Report (ASFSR).

This annual report includes statistics on reported crimes, arrests and referrals for violations that occur on campus, on non-campus University property and public property contiguous to campus boundaries that are reported to Campus Security Authorities, local and state police agencies and crimes reported directly to UPD. All reported violations that have taken place in these designated areas during the previous three calendar years, whether or not the crime involved a WBU student, faculty, or staff member, are reflected in the ASFSR. • Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Crime Alert, but will be assessed on a case by case basis)

• Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the UPD). In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a “timely” warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice.

• Major incidents of arson

• Other Clery crimes as determined necessary by the Chief of Police, or his designee in his absence

Crime Alerts may also be posted for other crimes, classifications and locations, even though that is not required by the law, at the sole discretion of WBU.

A timely warning notice will typically include the following, unless issuing any of this information would risk compromising law enforcement efforts:

• Date and time or timeframe of the incident

• A brief description of the incident

• Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips).

• Suspect description(s) when deemed appropriate and if there is sufficient detail (see below)

• Police/Public Safety agency contact information

• Other information as deemed appropriate by the Chief or his/her designee

The description of subjects in a case will only be included in the alert if there is a sufficient amount of detail to describe the individual. If the only known descriptors are sex and race, that will not be included in the alert.

Crime Alerts are distributed by sending a blast email to the University community, including all students and employees. Typically, the Campus Executive Director in conjunction with the Vice President for

WBU is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor.

The department does not issue Crime Alerts for the above listed crimes if:
1. The department apprehends the subject(s) and the threat of imminent danger to members of the WBU community have been mitigated by the apprehension.
2. If a report was not filed with UPD or if a local police agency was not notified of the crime in a manner that would allow the department to post a "timely" warning for the community. A general guideline will include a report that is filed more than fourteen days after the date of the alleged incident may not allow UPD to post a "timely" warning to the community. This type of situation will be evaluated on a case by case basis.
3. If the threat was mitigated in some other manner.

Emergency Response and Evacuation Procedures

The Crisis Management Team consists of all members of the Emergency Planning Committee and the Managers of Financial Aid, the Business Office, the Bookstore, Academic Records and is responsible for making necessary decisions regarding any crisis and ensuring the proper notification of students, staff and faculty in the event of a situation. The Crisis Management Team will meet for training no less than once a calendar year, the time and date to be determined by the Executive Director; or when a new member is appointed that member will receive training within thirty (30) days following appointment of the position.

The Emergency Preparedness Planning team members are:

- Executive Director
- Assistant Executive Director
- Director of Student Services
- Campus Police Officer
- Head Custodian

The primary functions of the Crisis Management Team are:

- To determine the nature and seriousness of the emergency
- To determine the course of action necessary
- To issue appropriate instructions for the implementation of the plan of action

Emergency Notifications

- On-site notification – this occurs when a situation develops during the time period that classes are in session or the offices are open and staff present. It consists primarily of two actions: evacuate the building or remain in place or move to a safe location within the building. The decision will be made by the senior member of the Crisis Management Team available on site at the time the situation develops. Once a decision is made, the Notification Team will sound the alert throughout the

WBU submits the annual crime statistics published in the ASFSR to the Department of Education (ED). The statistical information gathered by the Department of Education is available to the public through the ED website.

The ASFSR is made available upon request to prospective students and employees as well as current students, faculty, and staff and all of these persons are notified of the report's availability.

The total number of unfounded crimes for the 2017 calendar year at this campus is 0.
The total number of unfounded crimes for the 2016 calendar year at this campus is 0.
The total number of unfounded crimes for the 2015 calendar year at this campus is is 0.

Agreements with Local Law Enforcement Agencies Regarding the Investigation of Alleged Criminal Offenses

There are no written agreements or memorandums of understanding regarding any topics, including the investigation of criminal incidents, between the institution and the local police department (Tucson Police 520-791-4444).

Reporting Criminal Actions or Other Emergencies

Members of Wayland Baptist University are encouraged to report crimes or emergencies occurring on campus, in/on property owned and controlled by WBU, as well as crimes on public property running through or immediately adjacent to the campus to the Campus Executive Director/Site Coordinator. Always remember in cases of eminent danger and emergency, you are advised to dial 911 for local police assistance.

Crimes occurring in other locations should be reported to the local police department with jurisdiction at the location of the crime. If the correct local police department is unknown, dial 911, and the city/county dispatchers will connect you with the appropriate law enforcement agency.

Stolice

• Aggravated assault (cases involving assaults among known parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case by case basis to determine if the individual is believed to be an on-going threat to the larger WBU community)

• Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Crime Alert, but will be assessed on a case by case basis)

• Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the UPD). In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a "timely" warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice.

• Major incidents of arson

• Other Clery crimes as determined necessary by the Chief of Police, or his designee in his absence

Crime Alerts may also be posted for other crimes, classifications and locations, even though that is not required by the law, at the sole discretion of WBU.

A timely warning notice will typically include the following, unless issuing any of this information would risk compromising law enforcement efforts:

• Date and time or timeframe of the incident

• A brief description of the incident

• Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips).

• Suspect description(s) when deemed appropriate and if there is sufficient detail (see below)

• Police/Public Safety agency contact information

• Other information as deemed appropriate by the Chief or his/her designee

The description of subjects in a case will only be included in the alert if there is a sufficient amount of detail to describe the individual. If the only known descriptors are sex and race, that will not be included in the alert.

Crime Alerts are distributed by sending a blast email to the University community, including all students and employees. Typically, the Campus Executive Director in conjunction with the Vice President for Enrollment Management develops the content and approves the distribution of a Crime Alert, but the Chief of Police has the authority to distribute it if the VP is unavailable. The Chief of Police has the authority to develop the contents and to send the email to the WBU community. Periodically, other senior administrators may be involved in assisting the Chief of Police in the development of the contents of a Crime Alert, depending on the circumstances of the crime.

Updates to the WBU community about any particular case resulting in a crime alert also may be distributed electronically via blast email.

Timely Warning Notices will be distributed as soon as pertinent information is available, in a manner that withholds the names of victims as confidential, and with the goal of aiding in the prevention of similar occurrences.

WBU is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor.

The department does not issue Crime Alerts for the above listed crimes if:
1. The department apprehends the subject(s) and the threat of imminent danger to members of the WBU community have been mitigated by the apprehension.
2. If a report was not filed with UPD or if a local police agency was not notified of the crime in a manner that would allow the department to post a "timely" warning for the community. A general guideline will include a report that is filed more than fourteen days after the date of the alleged incident may not allow UPD to post a "timely" warning to the community. This type of situation will be evaluated on a case by case basis.
3. If the threat was mitigated in some other manner.

Campus Access and Security of Campus Facilities

WBU is a private institution but the campus is open and accessible to students, employees and visitors during normal business hours. Some facilities are open in the evenings and on weekends, depending on the schedule of events. No effort is made to restrain the general public and visitors from entering the campus facilities when they are open. However, the University reserves the right to bar individuals who are considered a threat to the well-being of the University community.

Considerations in the Maintenance of Campus Facilities

WBU maintains campus facilities in a manner that minimizes hazardous and unsafe conditions. The campus is routinely inspected for environmental safety hazards such as insufficient lighting and overgrown shrubbery. Parking lots and pathways are illuminated with lighting. Wayland staff work to address burned out lights promptly as well as malfunctioning door locks or other physical conditions that enhance security. Other members of the University community are helpful when they report equipment problems to the Campus Executive Director/Site Coordinator.

Monitoring and Recording of Criminal Activity by Students at Non-Campus Locations

The campus does not have student organizations with non-campus locations at this site.

Drug and Alcohol Policies and Enforcement

State and Federal statutes concerning alcoholic beverages and underage drinking will be strictly enforced by local law enforcement on the Wayland Baptist University campus and at off-campus WBU sponsored events. In addition to these statutes, Wayland Baptist University adheres to a high standard of moral conduct which includes prohibition of the use, possession, or distribution of alcohol or illegal drugs by students on university owned or controlled property or in conjunction with any university activity. The university may take action against students for off-campus use, possession or distribution of alcohol or controlled substances if deemed appropriate by university officials

Drugs

According to state and federal laws, the possession, distribution, sale, and/or use of illicit drugs or narcotics, or any hallucinatory agent or other substance not prescribed to the person by a licensed provider on University property or property under control of Wayland Baptist University or at any event sponsored by the University or any University student organization, whether or not conducted on University property, including student travel on behalf of the University, is prohibited. This rule applies to all paraphernalia utilized in conjunction with the possession, sale, and/or use of the prohibited substances.

Substance Abuse and Education

Wayland Baptist University strives to promote good physical health and safety of all students and employees and to provide an outlet for ensuring knowledge of the effects and physical cost of drug and alcohol abuse. All employees are notified of the WBU University System policy and regulation regarding drug and alcohol abuse upon hire and annually thereafter. Students are notified annually through the

Sex Offender Information

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteers services or is a student.

This annual report includes statistics on reported crimes, arrests and referrals for violations that occur on campus, on non-campus University property and public property contiguous to campus boundaries that are reported to Campus Security Authorities, local and state police agencies and crimes reported directly to UPD. All reported violations that have taken place in these designated areas during the previous three calendar years, whether or not the crime involved a WBU student, faculty, or staff member, are reflected in the ASFSR. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported.

WBU submits the annual crime statistics published in the ASFSR to the Department of Education (ED). The statistical information gathered by the Department of Education is available to the public through the ED website.

The ASFSR is made available upon request to prospective students and employees as well as current students, faculty, and staff and all of these persons are notified of the report's availability.
